Community invited to be part of Glenbard administrator search process

The Glenbard community is invited to have a voice in determining who will be the new Glenbard North High School principal and new superintendent for Glenbard Township High School District 87.

Glenbard's Board of Education encourages residents to share their thoughts on the qualities and experience needed in the new superintendent and Glenbard North principal.

Community members are invited to attend one of two forums led by The Bickert Group, the firm coordinating this search process. The sessions will begin at 7 p.m. Thursday, Sept. 8. One will be held in the Little Theatre at Glenbard North, 990 N. Kuhn Road in Carol Stream, and the other will be held in the library at Glenbard South High School, 23W200 Butterfield Road in Glen Ellyn.

At these forums, community members will be asked to share their ideas about the traits and experience they want to see in the person who will lead the school district. Those who attend the session at Glenbard North also will be asked for their input on qualities needed in the next Glenbard North principal.

Glenbard officials value the community's input and encourage residents to be a part of this important process.

Following these forums, representatives of The Bickert Group will present the Board of Education with their findings, based on input from residents, business leaders, municipal officials, feeder district superintendents, and Glenbard students and employees.
