## **Glenbard North names interim assistant principal**

Glenbard North High School will benefit from the valuable experience of two veteran educators who will share the responsibilities of interim assistant principal of instruction.

On June 14, Mary Kay Brandimore, who retires as Glenbard North's guidance department director this year, and Tony Capalbo, Schaumburg High School's retired director of student services, were appointed interim assistant principal of instruction. They will share the calendar year to fill the position.

They fill the vacancy created when Linda Geist, assistant principal of instruction, was named interim principal for the 2005-06 school year. Geist replaces Prentiss Lea, who has accepted a position as associate superintendent in Libertyville High School District 128.
