## **Bus route information now available online**

Glenbard Township High School District 87 announces the addition of an online service for parents to obtain school and bus assignment information through Glenbard's Web site.

Glenbard District 87 is the first school district in Illinois to use Transfinder *i*, an Internet service that allows parents to identify school and bus schedule information online.

This service is very easy to use. Visit [www.glenbard.net](http://www.glenbard.net), click on "Bus Route Locator" and enter and submit your street address in the area provided. The screen will display the intersection of the nearest bus stop and the time the bus is expected. All times listed for bus stops are approximate times supplied by Laidlaw bus service. Students are encouraged to be at their bus stop 10 minutes prior to the posted times.

The service provides an online map showing the locations of street address and the bus stop(s), as well as stop time(s) that serve your address. If the system is unable to locate your address or if you have additional questions or need to request special transportation arrangements, there is an online form available to enter your information and questions.
