Glenbard South student earns perfect ACT score

Congratulations to Glenbard South High School student Michael Wurtz, who earned a perfect score of 36 when taking the college entrance exam as part of the Prairie State Achievement Exam in the spring.

According to ACT officials, Wurtz is one of only 46 Illinois students who took the ACT as part of the PSAE in the spring to achieve a score of 36, the highest possible composite score. More than 136,000 students throughout the state took the PSAE in April.

The ACT, which is the most widely accepted college admission and placement exam, consists of tests in math, English, science and reading. The national average ACT composite score for 2006 is 21.1, according to the ACT Web site.
