Parents invited to college awareness evening

Glenbard South High School's guidance department will sponsor a college awareness evening at 7 p.m. Wednesday, Nov. 8.

College Financial Aid: How to Get Your Fair Share will be presented by Susan H. Daly and Paul Daly of College Planners Inc. College Planners uses financial aid planning strategies to help families qualify for as much financial aid as they are legally entitled.

Parents of freshmen, sophomores, juniors, and seniors are encouraged to attend this important evening.

At 8 p.m., parents will have the opportunity to attend a number of informative sessions, including: selective schools, College of DuPage, scholarships, the college exploration process, computerized college searches, and stress among teens.

There is no fee for the seminar, but parents are asked to call the guidance office at (630) 469-6500 Ext. 4246 so organizers may have a head count for material distribution.
