PBIS and SEL at Glenbard North High School

PBIS is a proactive approach that schools use to improve school safety and promote positive behavior. The focus of PBIS is prevention, not punishment. At its heart, PBIS calls on schools to teach students positive behavior strategies, just as they would teach about any other subject—like reading or math. By having clear expectations and teaching our students positive behavior, we help to create an environment where students feel safe and teaching and learning continue without interruption.

Social and emotional learning (SEL) is the process through which children and adults acquire and effectively apply the knowledge, attitudes, and skills necessary to understand and manage emotions, set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships, and make responsible decisions. The SEL Competencies are embedded throughout our curriculum and daily practices as they are essential tools in the development of fully functioning human beings that engage positively in school and in life..

GENERAL INFORMATION

BOOKSTORE

The Bookstore is open in the morning from 7:00 a.m. to 7:25 a.m., during the second half of all lunch periods, and after school from 2:30 pm – 3:00 pm. It is where you go to purchase PE uniforms and locks.

Although most textbooks are digital, students may still receive certain hardcover textbooks. These books are now processed through the library. These books are barcoded with a unique number that will identify each book. Students are required to take care of the textbooks. If a book is lost or destroyed, the family will be required to pay the replacement cost of the textbook.

BULLETINS

The Daily Bulletin will be published each school day and sent via Gmail. All bulletins must be received in the Main Office no later than 3:15 pm the day prior. Athletic team results may be turned in prior to 7:30 am that day.

CAFETERIA

The Glenbard North Cafeteria is operated by Sodexo Management and provides a variety of items ranging from hot and cold lunches, to beverages and snacks for students. Every student is assigned a 48-minute lunch period daily and should take advantage of the services offered in the building. In order to promote cleanliness and efficient food service, students are expected to observe the following rules:

- All students must scan their ID's when purchasing food or drink in the cafeteria.
- PICK UP ALL LITTER AFTER EATING.
- DEPOSIT DISPOSABLE REFUSE IN TRASH CANS. PLACE RED BASKETS IN APPROPRIATE LOCATIONS.
- Carefully clean up spilled food and/or broken utensils. The custodian will provide brushes, mops and dustpans as needed.
- Because classes are in session, students from the cafeteria may use only the washrooms located in the 1400 hallway until 5 minutes prior to the end of the lunch period.
- Students must arrive to lunch on time.

Cafeteria Prepayment

Cafeteria Prepayment, Notice of Procedures – The food services department uses a computerized point of sale program, which enables parents to prepay for meals. To use the program, students scan their ID to deduct the food cost from a prepaid balance. Similar to a debit card, the system will not accept charges or negative balances. To establish an account, go to MySchoolBucks.com and click “Sign Up Today.” You can then create an account and prepay with your credit or debit card. An account will be established for your child the same day and can be used the next school day. Parents or students can monitor the account balance on the MySchoolBucks.com website. Students can also check their balance by asking the cashier as they proceed through the line.

End of School Year Balances

Money remaining in a student’s account at the end of the year will remain in the account, to be used the following school year. If requested in writing by a parent, account balances for graduating seniors or students moving out of the District can be transferred to other family members, or if more than \$10.00, refunded at the end of the school year. All refunds must be requested in writing by a parent or guardian. Refund checks will be mailed to parents. No cash refunds will be issued. Students should spend balances of less than \$10.00 since no refund will be issued for this amount or less.

LOCKERS

Students will be assigned a locker by the Deans’ Office. Gym lockers will be assigned by the physical education teachers, and athletic lockers will be assigned by the coaches. Physical Education students, athletes, and band members will purchase a lock from the bookstore for their use.

THE SCHOOL DOES WHAT IT CAN TO SAFEGUARD STUDENTS AGAINST THEFT, HOWEVER, **THE SCHOOL CANNOT ASSUME RESPONSIBILITY FOR LOSSES.** STUDENTS ARE URGED NOT TO KEEP VALUABLES OR MONEY IN THEIR LOCKER AND TO KEEP THEIR LOCKER LOCKED. SCHOOL AUTHORITIES RESERVE THE RIGHT TO OPEN AND EXAMINE THE CONTENTS OF ANY LOCKER AT ANY TIME.

Students will not write on, deface or vandalize their locker in any way. Furthermore, students may not share individual lockers or their combinations with other students. If a locker does not work properly, the students should report this to the Deans’ Office. The Administration may inspect and search student lockers without notice to, or the consent of, the student. Additionally, these searches may also include the desks, parking lots, and other school property and equipment, as well as personal effects left in these places.

The student has no reasonable expectation of privacy in the above mentioned places and areas, or in their personal effects left in these areas.

INSURANCE

District 87 provides ‘school time’ accident insurance protection for your student as part of its current insurance program. ‘School time’ includes the school day while your student is attending academic school sessions and up to one hour before and one hour after regular classes. Your student is protected during school-sponsored activities as well, which further includes travel directly or indirectly and uninterrupted to and from such school activity. Note: This coverage does not include interscholastic tackle football. Optional coverage can be purchased for two programs: 24-Hour Optional Coverage and Grade 9-12 Interscholastic Tackle Football. Insurance brochures will be available during BACK-TO-SCHOOL WEEK or by calling the school. Benefits are secondary to all other collectible insurance policies. Accidents or injuries must be reported to the appropriate teacher, coach, trainer or nurse as soon as possible. Accidents that are not reported within 30 days of the accident will not be covered by the insurance carrier. Medical insurance is the responsibility of the parents. This insurance program is for ‘school-time’ accidents only.

LOST AND FOUND

A student who finds any lost article in the school or on campus should take it to the Deans’ Office where the owner can claim it. Articles such as athletic equipment, which are found in either the gyms or in any of the locker rooms, should be turned in to the Physical Education teachers.

PANDEMIC PREPAREDNESS

In the event of a disease outbreak, epidemic or pandemic, emergency school closings may be necessary at the direction of state/local health officials or the Illinois State Board of Education (ISBE). During extended school closures, the District will implement a remote learning program consistent with ISBE guidance. Parents and guardians will be required to perform daily temperature checks and health screenings for their child(ren) before school and report this information to school staff members. School personnel may perform temperature checks and health screenings for students at school as necessary at the sole discretion of school personnel. If a student has a

fever higher than 100.4 degrees Fahrenheit or exhibits any other sign of illness while at school, the student must be picked up from school immediately and will be excluded from school for a period of time determined in consultation with ISBE and the Illinois Department of Public Health. Visitors will not be allowed to enter school buildings except in exigent circumstances. In no case will a visitor be allowed to enter a school building when exhibiting signs of illness, as determined at the sole discretion of school personnel. Students and adults present at school must wear fitted face masks covering their nose/mouth at all times, including on school buses. If a student refuses to wear a mask or otherwise engages in conduct that compromises the safety of others, his/her parents will be notified and disciplinary interventions may result, including possible expulsion from school. During this unique time, the school will implement behavior expectations for students to ensure the ongoing health and safety of all individuals on and off our school campus.

PHOTOGRAPHS AND IMAGES OF STUDENTS

Glenbard District 87 reserves the right to use images, photographs or likenesses of students, while engaged in school activities, in digital, video or printed form and to allow the media into the school to cover non-public events, accomplishments and news stories and to use images, photographs or likenesses of students, in electronic, video or printed form.

Unless parent or guardian requests in writing to the Assistant Principal for Student Services within the first 30 days of school that identifiable images of his or her child not be used, Glenbard has the right to participate in publicity actions as stated above.

Parents/guardians should understand that if they withhold consent, none of the student's information would be released. This includes examples such as information/photographs for the yearbook, award listings such as honor roll, and classroom projects highlighted in digital and print form.

RECORDING LESSONS/LIVE STREAM

Teachers and staff may video/audio record lessons for students to access either synchronously (in real time) or asynchronously (for review at a later time) for use on the remote learning platform. Recordings will be maintained for a short period of time and will be deleted within 12 months. District staff will take reasonable steps to monitor the confidentiality of any personally identifiable student information exchanged on the remote learning platform consistent with state and federal laws. However, the School District cannot control or guarantee the confidentiality of student communications on a remote learning platform.

SCHOOLGY

Schoology is an online learning, classroom management, and social networking platform intended to improve learning through better communication, collaboration, and increased access to curriculum and supplemental content. Glenbard North considers Schoology an extension of the classroom and provides secure access to the system only to students currently enrolled in courses utilizing the LMS platform. Students are expected to communicate in a professional manner with faculty, colleagues, and other staff members on Schoology. Students are encouraged to be conscientious of everything posted to Schoology. Any materials deemed foul, offensive, or inappropriate are strictly prohibited. Offending students will be subject to consequences as outlined in the Student Handbook.

STUDENT GRADES/PERFORMANCE

Your student's progress can be reviewed online through PowerSchool. Grades are posted by your student's teacher for homework, quizzes, tests, etc. A semester grade shall be issued at the end of each semester and entered in the student's permanent record. The semester grade shall represent a weighted composite of the coursework throughout the semester and a final examination. The final examination shall make up no more than 20% of the semester grade.

STUDENT RESIDENCY

Under Illinois law, only students who are residents of the Glenbard School District may be admitted to a Glenbard High School on a tuition-free basis. Students who are not residents of the school district may be admitted if approved by the Superintendent and must pay tuition. The only exceptions are that: (1) students in certain exchange programs may attend tuition-free; and (2) an enrolled resident student who becomes a non-resident during the school term may continue to attend tuition-free until the end of the regular school term in June.

Generally, only students who live in the school district with their custodial parent or guardian will be regarded as residents. (1) new enrollees; (2) students who do not live in the school district with their custodial parent or guardian; and (3) students/parents or guardians in unusual residency situations may be required to complete a residency form, provide documents to establish residency and go through a residency review process. Students who are deemed not to be residents may be denied enrollment or removed from

enrollment and subject to payment of tuition. Anyone who misrepresents facts in relation to the residency of a student may be subject to criminal and civil legal proceedings.

STUDENT SUPPORTS

Student Intervention Programs are offered during student lunch hours and after school. Programs are designed to work to assist students who are struggling in classes and have been identified by teachers as students who may benefit from additional assistance.

AP CAFE

The AP Cafe is located in the 1400 Hallway. Students can meet in a supervised area during lunch hours to hold study groups and help prepare for AP Exams

GOALS PROGRAM

The program is designed as a lunchtime intervention for freshmen students who are not completing assignments. The GOALS Program is based on the idea that schoolwork is not optional for students and is critical to their success in school. If a student fails to complete an assignment by the required due date, they are given the opportunity to attend the GOALS program during half their lunch period and complete their missing work before receiving zero credit.

MATH RESOURCE

Math Resource is available during the school day and is located in room 2120. Math Resource affords students to receive extra assistance in the area of Mathematics. Students may attend during their Lunch Hour or Study Hall.

RESOURCE

Resource offers opportunities for students with failing grades to receive academic assistance during Study Hall and Lunch Hours. Students that have Study Hall or Lunch during periods 4,5,6 or 7 may access Resource during this time. Additionally, students that are enrolled in a Student Hall during periods 1,2,3, and 8, failing a class, and are recommended by a teacher will be directed to Resource. Student attendance and academic progress will be monitored.

S.T.R.I.V.E. - SUCCESS THROUGH REACHING INDIVIDUAL EXPECTATIONS This is an after school program designed to provide a structured environment where students can complete homework assignments, write papers, study for tests, and receive academic support and/or tutoring as needed. The mission of STRIVE is to improve academic achievement for students who have failed or are in danger of failing courses and promote individual responsibility.

THE QUAD

The Quad provides students with Peer Tutors (The Quad Squad) that will assist them in the areas of Algebra, Geometry and Algebra 2 with Trig. Students may visit The Quad during their Lunch Hour to have specific content “re-taught” to them prior to completing a test or quiz retake. The Quad is located in the 1400 Hallway.

THE WRITE PLACE

The Write Place offers student-centered writing support for the entire Glenbard North student body, regardless of grade or course. Working one-on-one with student clients, tutors will collaborate with and coach their peers by offering constructive feedback and strategies to help clients improve on every stage of writing. The Write Place tutors will assist in all stages of the writing process, from brainstorming to revising as well as help with specific skill-based concerns, such as: Developing sophisticated claims, deepening your analyses, improving sentence structure and variety, incorporating and citing sources, writing with clarity and detecting and repairing grammar and use errors. Students may visit The Write Place during their Lunch Hour. The Write Place is located in the 1400 Hallway.

SELECTIVE SERVICE REGISTRATION

Law requires male students who are about to turn 18, to register with the Selective Service System. Registration is a requirement for federal student loans, job training benefits and federal employment. Students may register at their local post office or in our Registrar’s Office by presenting identification or on-line at their web site, www.sss.gov. Students must register within 30 days before or after their 18th birthday.

STUDY HALL

The purpose of Study Hall is to provide Glenbard North students an opportunity to increase their academic achievement by working on their school-related work outside of class. All rules and procedures must reflect their purpose in addition to all the rules and expectations of Glenbard North High School.

Study Hall Rules

1. Use quiet voices
2. Passes to leave study hall must be issued by your classroom teacher
3. Non-disruptive eating and drinking is permitted

WORK PERMITS

Work permits for students 14 years of age or older may be secured in the School Counseling Office by presenting a statement from the employer which identifies the industry or company and explains the type of work to be done by the employee.

TECHNOLOGY DEVICE TRAINING AND SUPPORT

To support our freshmen, and any other students receiving an iPad in August, each student is required to take part in a training program during their Back-to-School day. This training is conducted by a teacher and focuses on basic functions and setup, appropriate use, Gmail, PowerSchool, etc.

If students encounter a problem with their District-leased iPads, they should report to the Tech Help Desk, just outside of the south cafeteria. Depending on the issue, it may be resolved at that time, or moved to one of our technicians for support. In all cases of loss or theft, the District requires that a police report be filed and a copy of the report be submitted along with the insurance deductible before a replacement device will be issued.

LEARNING RESOURCE CENTER

You are always welcome in the LRC! The Glenbard North Learning Resource Center is a teaching and learning library while also being an extension of the classrooms throughout the school. Classes and individual students use the library more than 100,000 times a year for research. There are computers for student use, Apple TVs to project from, and more than 20,000 print and eBooks that students and staff may check out. Come down and check out our space - it's a great place to study, do some research, or simply take a break and play a game of UNO with your friends during lunch. We are here to help you succeed in your high school journey!

Teaching Librarians: Ms. Hansen and Ms. Pierce

Library Staff: Mrs. Castiglia and Mrs. Kelley

Hours: 7:00 a.m. to 3:30 p.m. Monday through Friday.

Loan periods and procedures for library materials are as follows:

- Students need a valid school ID to check out materials.
- Fiction and non-fiction books may be checked out for 4 weeks and may be renewed. Please bring the book and your ID to the library if you'd like to renew a book.
- Our DVD collection compliments the curriculum and is available to staff only.
- All materials can be returned at the library front desk or the book drop in the hallway.

No Fine Policy:

The Glenbard North library will begin a no fine policy starting the 2019-20 school year. This policy aligns North with the other Glenbard libraries, making the process of checking out and returning books more accessible to all of our students and staff. Instead of focusing on the fines, we want to ensure that the books being checked out are enjoyed, but also brought back in a timely fashion so others can use them. We hope that this will be a good transition for our students and that it will be a positive move forward for those who come to check out books.

- **Checkout Time/Renewals**
 - You have a 4 week check out period for both physical and digital books.
 - You can renew a book IF it is still in the check out period. If you have a missing book or an overdue book, you will not be allowed to renew any library materials.
 - If you have a lost/overdue book, you will **not** be able to check out any other library materials until the book has been returned or paid for, regardless if it is for a class.
 - Your book will automatically be marked lost after 60 days overdue.
- **How You Will Be Notified**
 - Please note, you always receive a card/receipt in your book that reminds you when your book is due. You are first and foremost responsible for when your book is due! However, in case you do forget you will be notified in the following way:
 - Schoology Messages: Personal messages will be sent via Schoology letting you know that your book is late and needs to be returned.
- **Fees and Fines**

Library Use and Expectations:

Students using the library before or after school need to use a valid student ID; no pass is required before or after school. The library is most often used by teachers with their classes for research, independent reading, or technology space/usage. When the library has room, study hall students or students during their lunch can use the library if they have a yellow pass from their teacher or a privilege pass from the Deans' Office. Students who have a lunch privilege pass are welcome in the library during their lunch periods.

The expectation for study hall and lunch students is that they are here to have a space to work but you are also welcome to come in to have a space for a break. School rules apply in the library as they do throughout the school. The library is essentially a classroom and we especially expect the following:

- Respect the rights of other students and staff to a respectful atmosphere to study and do their work or hold classes.
- Computers and other electronic devices are to be used for research and school-related activities.
- If you are playing a board/card game, you are aware of the people around you and/or classes in the library.

Food in the Library

Food is permitted in the library! You may bring your snacks or a sack lunch in to eat if you are looking for a more quiet space to go. However, please be aware that **you may not bring in any ordered in food or a hot lunch from the cafeteria.** This needs to be eaten first in the cafeteria and then you can come down to the library. We have no problem with you having food in here, but we ask that you respect this boundary and always clean up after yourselves!

Library Pass Procedures

- Individual students entering the library need a pass. One student per pass, first and last name provided. We'll ask that you sign in using your student ID.
- Students will be sent back to their class, study hall, or lunch if spaces are unavailable. If we know space is not available, you will be notified via Schoology what period(s) we may be closed due to the large number of classes scheduled in the library.

HEALTH CENTER

A certified school nurse is available in the Health Center throughout the school day. A student who needs to see the nurse during the day must obtain a pass from his/her teacher before going to the Health Center unless an emergency situation exists. No student will be excused from school unless a parent, guardian, or a person designated on the emergency form has been notified and appropriate transportation arranged. Students need to see the nurse prior to calling or texting parents by cell phone. Follow the school policies regarding the use of cell phones. **See also Policy 7:100 Health Examination, Immunizations and Exclusion of Students and Policy 7:285 Allergy Policy, Policy 7:270 Administering Medicines to Student and 7:305 Student Athlete and head injury protocol.**

PHYSICAL EDUCATION MEDICALS & EXCUSES

Will be issued by the nurse upon request from a person licensed under the Medical Practices Act. Parent and medical excuses need to be presented to the nurse. Parent excuses are acceptable up to three (3) days per semester. The physician's office may FAX the medical excuse to the attention of Ms. Donna Biere or Ms. Kerry Windle at (630) 681-3413.

Students are subject to appropriate disciplinary measures for unlawful or improper conduct.

At times this handbook states specific places at which students are subject to disciplinary rules. However, disciplinary interventions may be imposed for any of the misconduct which is described in this handbook and which occurs on school grounds, at school-sponsored activities, in connection with student transportation, or at any place where the misconduct has a reasonable relationship to the school. This includes actions taken by students on social media that directly impact or have a reasonable relationship to the school.

Repeated violations of the rules described in this handbook may be considered gross disobedience or misconduct, for which a student may be suspended or expelled, even though any particular violation by itself might not warrant disciplinary interventions or expulsion.

PROCEDURE FOR EXCUSED ABSENCES

Parents/guardians must call the attendance office before 10:00 a.m. at 630-653-9092 on the day of the student's absence. This number is available 24 hours a day. The Illinois School Code authorized the following reasons for excused absences: illness, observance of a religious holiday, death in the immediate family, family emergency. **Students are responsible for notifying their school counselor and contacting their teacher via Schoology email regarding missing assignments.** The following reasons are considered unexcused absences: oversleeping, traffic, babysitting, working, and car trouble.

PARTIAL DAY ABSENCES

Medical appointments should be scheduled outside of school hours. When this is not possible, the parent/guardian should inform the attendance office of the time the student must leave school for the appointment and the estimated time of return. The student must then pick up a "permission to leave" slip from the attendance office at the time they leave school. Upon return to school, the student must check in through the attendance office. Failure to follow this procedure may result in the absence being marked as truant and disciplinary intervention may be issued.

PRE-ARRANGED ABSENCES

A pre-arranged absence form is used to excuse a student for a scheduled college visit or family vacation (5-day limit). A completed form must be turned in to the attendance office prior to the first day of absence. This form is found in the attendance office and will be given to a student upon a parent/guardian request. Students must notify their instructors in advance of all pre-planned absences and school field trips. It is the student's responsibility to contact their instructor regarding required assignments during their pre-arranged absence. Failure to follow the procedure may result in the absence being considered truant and will count toward the 15-day limit.

PROLONGED ABSENCES

If a student is absent for three or more days, the parent/guardian should contact the student's counselor at 630-681-3107 for missed assignments. The parent/guardian should continue to call the attendance office until the student returns to school. Makeup work can be obtained by contacting teachers directly via email or Schoology. Failure to follow the procedure may result in the absence being considered truant and will count toward the 15-day limit.

PARENTS/GUARDIANS LEAVING TOWN

Please contact the attendance office with the name of the person who will be calling for you if your student is ill when you are out of town. Failure to follow this procedure will result in the student being marked truant.

MAKE-UP WORK RESULTING FROM ABSENCES

It is the student's responsibility to check with the teachers about work missed because of an absence. The teacher contact should be done immediately upon return to school. In the case of excused absences or suspensions, students will be expected and allowed to make up missed work. A reasonable amount of time will be set by a teacher and/or department chairpersons for the make-up of the classwork. Credit will be given for missed tests and assignments in the event of excused absences. If a student's absence has been determined as being truant, credit may not be awarded for make-up work at the discretion of the teacher. If discrepancies remain after the student has talked with the teacher regarding this make-up procedure, the student should be directed to the appropriate Department Chair for resolution.

EXCESSIVE EXCUSED ABSENCES

When a student reaches nine or more absences from a class during a semester, an attendance conference with the Dean of Attendance, student, and parent/guardian will be held. Once a student reaches twelve or more absences in a semester, a doctor's note is required to excuse further absences. Students who cannot provide documentation may receive disciplinary interventions this may include removal from the course or loss of credit. Students are in jeopardy of losing credit in a course after the 15th absence in the class unless there are extenuating circumstances.

LEAVING SCHOOL DURING THE DAY/CLOSED CAMPUS VIOLATIONS

Students are not allowed to leave the building unless authorized by the nurse, dean, or attendance office. Students are not allowed to leave the building during their lunch or study hall period. Students who leave the building without approval are subject to search upon return and can be assigned disciplinary interventions.

TARDY PROCEDURE

Students are to be in their assigned location prior to the beginning of the period or they are considered tardy. Students who are late to class will not be admitted into their class without a tardy pass. The tardy tracking system resets after each 45-day cycle and students will "start over" with their tardies. If assigned a detention students must comply "on or by" the date listed on the printed pass received by the student. All tardies to school over 10 minutes are considered truant. Oversleeping, family errands, babysitting, missing the bus, and car trouble are not acceptable reasons for being tardy. These tardies are truant even if the parent/guardian calls the attendance office to verify tardiness. Students who are more than 5 minutes tardy to class, with the exception of 1st period, may be escorted to the dean's office to obtain a tardy pass.

TARDY #	DISCIPLINARY INTERVENTION	NOTIFICATION OF PARENT/GUARDIAN

TARDINESS TO SCHOOL

If arriving late to school, the student must enter through Door 1, present their ID, obtain a tardy pass, and report directly to class. If a student is marked Tardy Excused to school, the Dean may require medical documentation. The parent must notify the attendance office if the student is late due to a medical appointment or family emergency.

TARDINESS TO CLASS

Tardiness is defined as not being in the classroom by the last tone. Each time a student is tardy to class, the classroom teacher will require that the student obtain a tardy slip from Andy Frain security in order to enter the classroom.

TARDINESS TO PE

All students going to their Physical Education class must be through the doorway that leads down to the locker room by the last tone otherwise students are considered tardy and must obtain a tardy pass.

TARDINESS TO LUNCH

All students going to lunch must be past the doors in the North and South hallways (the doorway prior to reaching the 1400 hallway) by the last tone otherwise students are considered tardy and must obtain a tardy pass.

PowerSchool

Glenbard District 87 uses the PowerSchool system to help keep parents and students informed about students' progress and academic performance. PowerSchool is a Web-based student information system. It is intended to provide students, parents/guardians and teachers with a tool to communicate about student performance, grades, attendance and more. PowerSchool may be accessed from most devices with internet access. The system uses a secure link that ensures that all of the information displayed is secure. Additional information about using PowerSchool can be reviewed by visiting <https://ps.glenbard.org/public/help.html>.

INTRODUCTION

This handbook has been prepared to provide student athletes and their parents with important information regarding the rules, policies, and procedures of the Glenbard North athletic program. Please read and review this information carefully, and also make it available to your parents.

Glenbard North athletics are governed by the rules and regulations of the Illinois High School Association (IHSA), Glenbard High School District 87, DuKane Conference, and Glenbard North High School. Glenbard North provides opportunities in 13 girls' and 13 boys' sports. Most of these sports provide multiple levels of competition.

Girls' sports are: volleyball, swimming, tennis, cross country, and golf in the fall; bowling, basketball, gymnastics, cheerleading, dance in the winter; softball, soccer, badminton, and track and field in the spring.

Boys' sports are: football, soccer, golf and cross-country in the fall; bowling, basketball, wrestling, cheer and swimming in the winter; and baseball, tennis, gymnastics, volleyball, and track and field in the spring.

Students are allowed to participate in one sport each of the fall, winter, and spring seasons.

PHILOSOPHY OF ATHLETICS

We believe and are committed to the ideas that interscholastic athletic competition is an important part of the school curriculum and plays a vital role in the development of young men and women. We believe that athletics are an educational experience beneficial to all participants. We are committed to the ideas that participation in an athletic program contributes to the development of physical health and mental well-being. Students are encouraged to participate in multiple sports. A good athletic program teaches the participants that cooperation, as well as competition, are important parts of the society in which they live.

It is our mission to encourage our student athletes to participate to the best of their ability and to accept any outcome with pride and dignity. Under the guidance and encouragement of our coaches and parents, the ideal student athlete should develop the ability to draw courage from within and have the confidence to rise up and meet any adversity. If our athletes work hard and do what is required in attempting to overcome obstacles, they will be winners in every sense of the word.

Glenbard North General Requirements: Student athletes must meet all the requirements set forth by the IHSA, Glenbard High School District 87, DuKane Conference, and Glenbard North High School. Specific team requirements will be outlined to student athletes and parents at the beginning of each season.

District 87 Extra Curricular Code: Student athletes must abide by this code. A copy of the code is included in this handbook. Also, student athletes and their parents must provide signatures verifying that the student athletes agree to abide by the code. RULES ARE IN EFFECT 12 MONTHS.

Sports Registration: All athletes must register online through PowerSchool to participate in a sport. Students will then be issued a "Gold Card" that will approve them for each sport season. In order to receive a gold card, a student athlete must be registered online and have a current physical.

Team Awareness Night: Each student is required to attend a student athlete Team Awareness night in the fall season.

Scholastic Standing: Student athletes must have passed 5 credit classes for the preceding semester and must be passing 5 credit classes on a week-to-week basis in the current semester.

Physical Exam: To be eligible to try out, practice, or compete, student athletes must have a current physical examination form on file in the school nurse's office. Physical exams are valid for 13 months..

Participation Fee: A fee of \$150.00 must be paid by each student athlete. The one- time payment allows an athlete to participate in a sport each season. In accordance with District 87 policy, the fee must be paid by the first contest or the student athlete will not be allowed to compete. This fee is not refundable or transferable.

Attendance: Student athletes are expected to attend all classes, practices, and contests. Student athletes who stay home sick must be in attendance at least the last four periods of their schedule to practice or play. Students who are excused from school for reasons other than illness may be eligible with the approval of the Principal or Assistant Principal for Athletics.

Residence: Student athletes and their parents must reside in the district unless a special ruling is obtained. All residency or change in residency must be approved by the IHSA.

INHERENT RISK

Student athletes and their parents are to be aware that athletic participation has inherent dangers and risks. Even though participation and practice is within the rules of a sport and the instruction of a coach is followed, one may suffer catastrophic injury. To attempt to avoid the possibility of injury, a coach's instructions regarding techniques, training, and team rules must be followed at all times and participation must always be within the rules of a sport.

INSURANCE

Student accident insurance coverage will be provided for each student. Coverage is in excess of all other collective insurance. You should have received a brochure which contains specific details of the coverage exclusions and limitations with your registration package. Football is excluded, but optional coverage is available.

INJURIES

Student athletes should report all injuries to their coach and athletic trainer immediately. Our certified athletic trainer is available to treat injuries and assist with rehabilitation. If a doctor withholds a student athlete from participation, a written release from the doctor is required to resume participation.

TRAINING ROOM

The purpose of the training room is to provide treatment for the prevention and/or rehabilitation of injuries. It is to be used only when necessary. After treatment is completed, student athletes are to leave the training room. Student athletes should inform their coaches when they are in the training room. Do not use material or equipment without the permission of the trainer.

TRANSPORTATION

Bus transportation is provided to and from all away athletic contests. All student athletes are required to ride the team bus or van unless a parent makes a written request prior to the contest. Athletes will then be permitted to travel only with their parents.

LATE (AFTER PRACTICE) BUS

Student athletes are dismissed from practice in time to board one of the athletic late busses, which normally leave at 4:00 p.m. and 5:45 p.m. To ride the bus is a privilege. Mature behavior is expected at all times. Students must present their I.D. card at the request of the driver. Students are also expected to act appropriately while waiting for the late bus to arrive. Any student that does not act appropriately may risk the ability to ride the bus and/or removal from the team.

EQUIPMENT

A student athlete is responsible for each item of equipment issued. Since the equipment may be valued at hundreds of dollars, it should be secured at all times. Lost equipment must be paid for at replacement cost. Grades will be withheld, or in the case of a senior, graduation will not be permitted until equipment is returned or replaced. Participation in a subsequent sport will also be denied if equipment obligations are not met. School issued equipment and uniforms are to be worn only as a member of the school team.

LOCKER ROOM GUIDELINES

All student athletes will be assigned a locker in the locker room. Use only the locker and lock assigned to you and keep it locked at all times. For security reasons, keep combinations confidential. Student athletes are expected to demonstrate appropriate behavior in the locker room. Inappropriate behavior will not be tolerated or may result in extra curricular code violations.. Towels and trash should be placed in the proper receptacles.

AWARDS POLICY

A first-time varsity letter winner is awarded an 8" chenille "G". A varsity certificate is given for each subsequent varsity award. 4" chenille numerals are awarded to freshmen. A 4" chenille "G" is presented to first-time sophomore and junior varsity award winners. Three-sport patches are awarded to each student athlete who participates in three sports during the school year. The "12 sport award" is awarded to seniors that participated in 3 sports for 4 years. A Most Valuable Player award is also presented for each varsity sport.

ALL-CONFERENCE & ALL-STATE PICTURES

Student athletes named to an all-conference team will have an 8 x 10 picture on display with other all-conference athletes for the remainder of the year. A record will be kept of all conference athletes and will be displayed in our TouchPro Screen. Student athletes named to an all-state team or who earn an individual state medal will have an 11 x 14 picture on display with other all- state athletes.

ATHLETIC AND OTHER EXTRACURRICULAR ACTIVITY RECOGNITION

Glenbard District 87 students are involved in a variety of activities, perform at a high level, and the District commends them all on their many accomplishments. The District will formally recognize students and/or teams that have placed in the top three in state competitions in IHSA sponsored events. The District further recommends that all public displays in the community be for students/teams that have placed in the top three in IHSA state competitions. For more information on IHSA sponsored events, see the IHSA website, www.ihsa.org.

SUMMER CAMPS

Summer camps are offered for many sports at Glenbard North. All camps are offered through the Carol Stream Park District. Information can be obtained in the athletic office or at Carol Stream Park District. Financial assistance may be available for those in need. Insurance for all summer camp is not provided through Glenbard North HS or District 87.

GB ATHLETIC BOOSTER CLUB

The Glenbard North Athletic Booster Club is a tremendous supporter of the athletic program. ALL PARENTS ARE ENCOURAGED TO JOIN THE BOOSTERS. Glenbard athletics expects each parent to donate 3 hours per year to the athletic boosters. Each school year, the Boosters purchase thousands of dollars of equipment for the athletic program. Also, the Boosters award multiple scholarships each year to graduating seniors whose parents are members of the club. Season passes can be purchased from the Boosters. Please visit the Athletic boosters at www.gbnboosters.com

STUDENT ACTIVITIES

Philosophy: Glenbard North High School encourages students to participate in a wide range of vibrant student organizations and activities because our school considers such participation to be vital to our students' educational and social growth. By

nature, these organizations are built on the foundational pillars of diversity, inclusion and equity, offering a safe haven for students from all backgrounds, orientations, and walks of life to pursue their interests and develop their talents. Our goal is to connect Glenbard North's diverse student population, including underrepresented groups, with Student Activities. We believe that when students are involved in extracurricular activities, it helps them become more well-rounded, participate in democratic communities and develop leadership skills. By taking initiative, students gain valuable experience in planning and executing school events and projects. Such experiences will undoubtedly equip students with the capacity to thrive as leaders in their own communities in the future. Moreover, research has repeatedly shown that students who are actively engaged in extracurricular activities generally do better in school and life than those who do not become involved in such functions. Beyond the classroom, extracurricular involvement helps students reach their full potential by offering them an opportunity to be creative, collaborate with others, develop communication skills, think critically about the wider world, embrace diversity, and become self-empowered. Furthermore, extracurricular opportunities also provide teacher-advisors a window into student life outside of the classroom, where they can uncover the unique potential in each student. Such belief in student ability can enhance collective teacher efficacy, a leading determinant of student achievement and school health. Ultimately, teacher-advisors have an opportunity to gain valuable insights concerning students with whom they work, forming mutually beneficial connections.

District 87 Extracurricular Code: Students involved in student activities must abide by this code. A copy of the code is included in this handbook. Also, students and their parents must provide signatures verifying that the student agrees to abide by the code. RULES ARE IN EFFECT 12 MONTHS.

2. **Social Studies** – Six Semesters. These studies must include 2 semesters of United States History and one of an American Government (Civics) course and instruction in state and local government. The student must pass an examination on the Constitution of the United States and the State of Illinois, the Flag Code, and the Declaration of Independence.
3. **Mathematics** – Six Semesters. Two of the semesters must constitute Algebra I and two of the semesters must include geometry content.

8. **Driver Education** – Classroom instruction. A student must have passed 8 semester courses during the 2 semesters immediately preceding enrollment in Driver Education. Approved Driver Education courses taken outside of Glenbard may count towards the graduation requirement, however, credit will not be earned for Driver Education instruction taken outside of Glenbard unless the course is taken at a high school and meets Glenbard's curriculum requirements. Prior approval must be obtained from the guidance counselor. Students taking Driver Education outside of Glenbard must be enrolled in a Physical Education class in lieu of the Driver Education course.
9. **Consumer Education** – One Semester of instruction.
10. **Physical Education** – Six Semesters.

No student shall receive a certificate of graduation without passing a satisfactory examination on patriotism and principles of representative government, proper use of the flag, methods of voting, and the Pledge of Allegiance. The Superintendent or designee is responsible for:

1. Maintaining a description of all course offerings that comply with the above graduation requirements;
2. Notifying students and their parents/guardians of graduation requirements;
3. Complying with State law requirements for students who transfer during their senior year because their parent(s)/guardian(s) are on active military duty. This includes making reasonable adjustments to ensure graduation if possible, or efforts to ensure that the original (transferor) school district issues the student a diploma.
4. Taking all actions necessary for the implementation of this policy.

These requirements shall not apply to students whose course of study is determined by an individualized education plan.

Participation in Graduation Ceremonies by Special Education Students

A student eligible to receive special education services pursuant to the Individuals with Disabilities Education Act (IDEA), 20 U.S.C 1400 et seq., who will have completed four (4) years of high school at the end of the school year must be allowed to participate in the graduation ceremony and other graduation activities with his/her graduating class, at the discretion of the student and his/her parent(s)/guardian(s).

If the student's individualized education program (IEP) prescribes that the student is entitled to continue to receive special education and/or related services beyond the student's four years of high school, he/she may receive a certificate of completion in lieu of a diploma during the graduation ceremony. The Superintendent or designee is responsible for providing students receiving services under IDEA and their parent(s)/guardian(s) with timely and meaningful notice of this policy.

Early Graduation

The Superintendent or designee shall implement procedures for students to graduate early, provided they finish 7 semesters of high school and meet all graduation requirements.

Veterans of World War II, the Korean Conflict, or the Vietnam Conflict

Upon application, an honorably discharged veteran of World War II, the Korean Conflict, or the Vietnam Conflict will be awarded a diploma, provided that he or she:

1. Resided within an area currently within the District at the time he or she left high school;
2. Left high school before graduating in order to serve in the U.S. Armed Forces; and
3. Has not received a high school diploma.

Students with Disabilities

Students with disabilities who do not qualify for an individualized education program (IEP) pursuant to the federal *Individuals with Disabilities Education Improvement Act* (IDEA) and implementing provisions of the *Illinois School Code* may qualify for services under Section 504 of the federal *Rehabilitation Act of 1973*. A student may qualify for a Section 504 Plan if the student: (i) has a physical or mental impairment that substantially limits one or more major life activities, (ii) has a record of a physical or mental impairment, or (iii) is regarded as having a physical or mental impairment. Section 504 contains a broader definition of a disability than the IDEA, so a student who does not qualify for an IEP might still be able to receive accommodations and related services under a Section 504 Plan. **Policy
Grading**

6:281

Every teacher shall maintain an evaluation record for each student in the teacher's classroom. The final grade assigned by the teacher cannot be changed by a district administrator without notifying the teacher. Reasons for changing a student's final grade include:

- a miscalculation of test scores;
- a technical error in assigning a particular grade or score;
- the teacher agrees to allow the student to do extra work that may impact the grade;
- an inappropriate grading system used to determine the grade; or
- an inappropriate grade based on an appropriate grading system.

Should a grade change be made, the administrator making the change must sign the changed record.

Weighted Grading

Honors courses provide a weighted grade based on the content and learning objectives of the courses. See policy 6:282.

Administrative Procedure 6:281-R1

Grading

Student academic achievement is assessed in terms of the attainment of measurable specific skills determined by the teaching staff to be their instructional goals and objectives. Student academic achievement is graded in terms of standardized criterion-referenced test scores, letter grades, and/or other assigned numerical criteria.

Students from Foreign Countries and Home Schooled Students

Students from foreign countries and home schooled students applying for admission to a Glenbard High School will have their records, transcripts and materials evaluated for credit to meet the Glenbard graduation requirements. A student may be required to take a proficiency test to determine appropriate credit and placement.

Approved course credit may be recorded on a pass/fail or graded basis as determined by the building principal.

Reporting to Parents

Parent(s)/guardian(s) shall be informed of their child's progress in school at regular intervals, but at least 4 times a year. Divorced or separated parents will both be informed unless a court order requires otherwise. All grades and symbols will be appropriately explained. Grading will not be used for disciplinary purposes. Grading will be based on improvement, achievement, and capability. Parents will be notified when a student's performance requires special attention.

Various methods for communicating with parent(s)/guardian(s) will be used:

1. Parent-teacher conferences, conducted on a regular basis, are an effective means of reporting student progress to parent(s)/guardian(s).

Parent-teacher conferences may be scheduled on different days and at different times to accommodate the various grade levels and attendance centers.
2. The Lunch Intervention Program (Tier II Intervention) monitors the progress of students who have a failing grade every 3.5 weeks of each school semester. Parents will be notified by phone and email of students who will be assigned to the Lunch Intervention.
3. Additional methods for reporting, such as open house, parent education meetings, and newsletters, shall be the responsibility of each Building Principal.
4. Interim reports, through which teachers contact parents to impart information or to arrange a conference when teachers believe additional information should be shared, shall be encouraged. Teachers also shall make every effort to be available to meet with parent(s)/guardian(s) at a mutually agreed upon time.

Promotion and Remediation

Students who demonstrate a proficiency level comparable to the average student performance two grades or more below current placement shall be provided with an individual remediation plan developed in consultation with the parent(s)/guardian(s). Administrative Procedure 6:310-R6

Physical Education Waivers

Interscholastic Athletics / Marching Band Waiver to take a 7th Class

All students are expected to enroll in a Physical Education class. Students who wish to request a waiver from physical education shall submit a “Request for Physical Education Waiver” to their Guidance Counselor at the time of course enrollment. PE waivers are limited to:

Juniors and seniors who are in-season athletes and/or 9-12th grade members of the school marching band, and are enrolled in 7 classes with no study hall. The waiver must receive a recommendation from the Guidance Counselor after which approval will be granted or denied by the Building Principal. The student will be notified of the decision within 30 days of the request.

If the student decides to try to make an interscholastic team or participate in marching band, the student may enroll during the normal enrollment period for a replacement course.

- a. If the course which will replace the physical education course is a semester course, the student must be a participant in an interscholastic sport or marching band during the semester that the course is taken.
- b. In order for a student to enroll in a year course in place of physical education, the student must have participated in interscholastic sports during two different seasons the previous year.
- c. If the student participated in an interscholastic sport only during the winter season the previous year (and intends to participate in the same sport the following year), the student may only enroll in a semester course in place of physical education.
- d. If the student has not participated in athletics or marching band in the previous year, but is going to participate in the future and wants to be considered for a waiver, he/she must have the Coach or Director's signature to verify planned participation. Participation will be checked during the first week of eligibility and students not on the list must enroll in Zero Hour P.E., or drop a course and replace it with P.E.

Interscholastic Athletics / Marching Band In-Season Study Hall

The Board of Education acknowledges that students who are involved in junior or senior level athletics and/or students who are involved in marching band, are often in need of an opportunity for time to complete homework. School code allows for students to request an In-Season Study Hall. In-Season Study Hall requests are limited to:

Juniors and seniors who are in-season athletes and/or 9-12th grade members of the school marching band, and are enrolled in 7 classes with no study hall.

- Students who are enrolled in Zero-Hour PE are not eligible for In-Season Study Hall.
- Students who participate in programs that are activities for part of the year and sports for the remainder, may only request an In-Season Study Hall during the competitive portion of their involvement.
- Club sports are not eligible.

In-Season Study Hall requests must be made within the first five instructional days of the athletic or marching band season in question. Students must pick up a form in the athletic office. Once the form is completed and turned in, the student may begin attending Study Hall. The student must return to Physical Education the first school day after the last competition of the season.

Adapted Physical Education and Students with an Individualized Educational Plan (IEP)

A student requiring adapted physical education must receive that service in accordance with the student's Individualized Educational Program/Plan (IEP).

A student who is eligible for special education may be excused from physical education courses when:

1. He or she is in grades 9-12, and his or her IEP requires that special education support and services be provided during physical education time, and the student's parent/guardian agrees or the IEP team makes the determination;
2. He or she has an IEP and is participating in an adaptive athletic program outside of the school setting, and the parent/guardian documents the student's participation as required by the Superintendent or designee.

Other

The Building Principal, upon recommendation from the Guidance Counselor, has the discretion to approve PE waivers for juniors and seniors that are enrolled in 7 classes with no study hall and that 1) wish to take a class that is required for admission to an institution of higher learning, or 2) for the completion of graduation requirements. Documentation must be provided.

ATTENDANCE PHILOSOPHY

Our attendance policy is based upon the following assumptions:

1. In accordance with the requirements of the School Code of Illinois and in recognition of the responsibilities imposed upon parents, it is the policy of District 87 that students shall attend school on a regular basis. Student attendance in class is not optional; it is a requirement of every class. We believe that regular class attendance increases the student's

probability for successful performance and fosters the development of self-discipline and responsibility. The Board of Education further believes that the school administration and staff have a duty to rigorously and consistently enforce school regulations dealing with class attendance.

2. While the major responsibility for attendance rests with the student, the school and the parents share responsibility. Students are expected to attend every meeting of every class and study hall; the school has an obligation to inform both students and parents of the student's progress and attendance in all classes; and parents are obligated to inform the school when their student is absent and to give the reason for the absence.

Excessive absences from school limit the ability of a student to achieve. For this reason, attending school on a regular basis is a requirement for all students. The entire staff at Glenbard District 87 has a responsibility to hold students accountable in this area. For this reason, we maintain the following intervention strategies related to attendance:

- Our student data management system, PowerSchool will provide daily attendance information for teachers, parents and administrators to view electronically.
- Attendance staff will screen truanancies daily and call home for any student who is three or more periods truant within any given day.
- Whenever a student is truant from a class, the Dean's Office will contact the student the following day to confirm the truancy. Truancies will be documented in PowerSchool and a letter to the student's parent will be generated on the next school day.
- **For every truancy (unexcused absence) there will be a contact with the student, an attempt to call the student's parent, a letter sent to the parent and a consequence or intervention with the student.**
- After five truancies and five interventions for an individual course, a student may be denied credit for the course. Those who are denied credit will be referred to their guidance counselor to explore credit options.
- Excessive excused absences interfere with student achievement. A student who has excessive absences will be required to provide medical documentation for each absence or meet with the school nurse on the same day in order to excuse absences. During any given semester, when a student reaches over nine absences from a class there will be an attendance conference with his or her Dean and parent contact will be made. Should the student reach twelve or more absences, a doctor's note will be required to excuse further absences. After fifteen absences, a student may lose credit for the individual class. Those who are denied credit will be referred to their guidance counselor to explore credit options.
- Any student who has chronic attendance issues will be referred to the DuPage County Truancy agency, Truancy Intervention Program.

Policy 7:70

Attendance and Truancy

Compulsory School Attendance

This policy applies to individuals who have custody or control of a child: (a) between the ages of six (on or before September 1) and 17 years (unless the child has graduated from high school), or (b) who is enrolled in any of grades kindergarten through 12 in the public school regardless of age.

Subject to specific requirements in State law, the following children are not required to attend public school: (1) any child attending a private school (including a home school) or parochial school, (2) any child who is physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), (3) any child lawfully and necessarily employed, (4) any child over 12 and under 14 years of age while in confirmation classes, (5) any child absent because his or her religion forbids secular activity on a particular day, and (6) any child 16 years of age or older who is employed and is enrolled in a graduation incentives program.

The parent/guardian of a student who is enrolled must authorize all absences from school and notify the school in advance or at the time of the student's absence. A valid cause for absence includes illness, observance of a religious holiday, death in the immediate family, family emergency, other situations beyond the control of the student, other circumstances that cause reasonable concern to the parent/guardian for the student's safety or health, or other reason as approved by the Superintendent or designee.

Absenteeism and Truancy Program

The Superintendent or designee shall manage an absenteeism and truancy program in accordance with the School Code and School Board policy. The program shall include but not be limited to:

1. A protocol for excusing a student from attendance who is necessarily and lawfully employed. The Superintendent or designee is authorized to determine when the student's absence is justified.

2. A protocol for excusing a student in grades 6 through 12 from attendance to sound *Taps* at a military honors funeral held in Illinois for a deceased veteran.
3. A process to telephone, within four hours after the first class, the parents/guardians of students who are absent without prior parent/guardian notification.
4. A process to identify and track students who are truants, chronic or habitual truants, or truant minors as defined in the School Code, Section 26-2a.
5. A description of diagnostic procedures for identifying the cause(s) of a student's unexcused absenteeism, including interviews with the student, his or her parent(s)/guardian(s), and staff members or other people who may have information about the reasons for the student's attendance problem.
6. The identification of supportive services that may be offered to truant or chronically truant students, including parent-teacher conferences, student and/or family counseling, or information about community agency services. See Board policy 6:110, *Programs for Students At Risk of Academic Failure and/or Dropping Out of School and Graduation Incentives Program*.
7. A process to request the assistance and resources of outside agencies, such as, the juvenile officer of the local police department or the truant office of the appropriate Regional Office of Education, if truancy continues after supportive services have been offered.
8. A protocol for cooperating with non-District agencies including County or municipal authorities, the Regional Superintendent, truant officers, the Community Truancy Review Board, and a comprehensive community based youth service agency. Any disclosure of school student records must be consistent with Board policy 7:340, *Student Records*, as well as State and federal law concerning school student records.
9. An acknowledgment that no punitive action, including out-of-school suspensions, expulsions, or court action, shall be taken against a chronic truant for his or her truancy unless available supportive services and other school resources have been provided to the student.
10. The criteria to determine whether a student's non-attendance is due to extraordinary circumstances shall include economic or medical necessity or family hardship and such other criteria that the Superintendent believes qualifies.
11. A process for a 17-year-old resident to participate in the District's various programs and resources for truants. The student must provide documentation of his/her dropout status for the previous six months. A request from an individual 19 years of age or older to re-enroll after having dropped out of school is handled according to provisions in 7:50, *Students School Admissions and Student Transfers To and From Non-District Schools*.
12. A process for the temporary exclusion of a student 17 years of age or older for failing to meet minimum academic or attendance standards according to provisions in State law. A parent/guardian has the right to appeal a decision to exclude a student.

Absence Notification

A student's parent(s)/guardian(s) must: (1) upon their child's enrollment, provide telephone numbers to the Building Principal and update them as necessary, and (2) authorize all absences and notify the school in advance or at the time of the child's absence.

If a student is absent without prior authorization by the parent(s)/guardian(s), the Building Principal or a designee shall make a reasonable effort to notify the parent(s)/guardian(s) of their child's absence within four hours after the first class by telephoning the numbers given.

DANCES and SOCIALS

The following regulations apply to dances and socials:

1. Dances and socials are usually open to Glenbard students only. A Glenbard student may bring one guest to a semiformal or formal dance by obtaining a permission slip from the office of the Assistant Principal for Student Services prior to purchasing tickets.
2. Approved student guests attending dances must be at least in ninth grade and under 21 years of age.
3. There is to be no use of tobacco, alcohol, or drugs in the school building or at the event. Violations will result in disciplinary action.
4. After students have been admitted to the dance, students will not be re-admitted if they leave the premises. School rules and regulations are in effect at all dances. Violators will be reported to the administrator in charge and may be subject to disciplinary action.

Policy 7:240**Extracurricular Code for Participants in Extracurricular Activities**

The Building Principal, using input from coaches and sponsors of extracurricular activities, shall develop a conduct code for all participants in extracurricular activities consistent with Board policy. The conduct code shall: (1) require participants in extracurricular activities to conduct themselves at all times, including after school and on days when school is not in session, and whether on and off school property, as good citizens and exemplars of their school. This includes hazing and bullying, which are activities that are strictly prohibited and (2) notify participants that failure to abide by it could result in removal from the activity. The Extracurricular Code shall be reviewed by the Building Principal periodically at his or her discretion and presented to the Board of Education.

All coaches and sponsors of extracurricular activities shall annually review the rules of conduct with participants and provide participants with a copy. Coaches and sponsors of interscholastic athletics shall also provide instruction on steroid abuse prevention to students participating in these programs.

Performance Enhancing Drug Testing

State law requires the Illinois High School Association (IHSA) to prohibit a student from participating in an athletic competition sponsored or sanctioned by IHSA unless the student has agreed, (a) not to use any performance-enhancing substances on IHSA's current banned drug list, and (b) to submit to random testing for these substances in the student's body. In addition, the student's parent/guardian must sign a statement for IHSA containing specific acknowledgments including that the student may be subject to random performance-enhancing substance testing and that violating the laws regulating the use of performance-enhancing substances is a crime.

IHSA, with oversight from the Illinois Department of Public Health, administers a performance-enhancing substance testing program under which high school participants in athletic competition sponsored or sanctioned by IHSA are tested at multiple times throughout the athletic season for presence in their bodies of performance-enhancing substances on the IHSA's banned drug list.

Exhibit 7:240-E1**Glenbard High School District 87 Extracurricular Code****Purpose:**

The Glenbard High School District 87 intends to develop good citizenship through both academic and extracurricular programs. In particular, athletic and extracurricular programs provide a practical setting for developing leadership, loyalty, judgment, sense of responsibility, self-discipline, and competitiveness. One of the primary tools of the extracurricular program at Glenbard High School District #87 is to provide students and athletes with the lessons and skills necessary for success in all aspects and areas of their lives. Participating in Glenbard High School District #87 athletics, clubs, and activities is encouraged, but remains a privilege, not a right. Students choosing to participate in these programs bear the responsibility of representing their school within the community at large. As such, students who choose to participate will be held to a higher standard of conduct as a condition of participation.

Application of the Extracurricular Code:

Violations of the Extracurricular Code are limited to incidents of misconduct verified by District 87 staff, law enforcement agencies or an admission of guilt by the student. Direct reports from law enforcement agencies of illegal activity will be investigated. An Extracurricular Code violation is verified if, by the information available, it appears more likely than not that an Extracurricular Code violation has occurred.

The Extracurricular Code is in effect 24 hours a day, every day of the calendar year. The Extracurricular Code applies to incidents of misconduct on or off school property, whether school is in session or not, and whether a student's sport or activity is in season or not.

Expectations:

Student athletes and activity members will:

- A. Attend school, practices, contests, and events.
- B. Travel on school-arranged transportation for all events away from school except in unusual circumstances approved by the coach/sponsor and provided that a parent/guardian authorization form is signed by the parent/guardian and provided to the coach/sponsor.

- C. Comply with IHSA and District 87 eligibility standards.
- D. Be responsible for all equipment and/or clothing issued for the activity and the return of such equipment at the end of the activity.
- E. Adhere to all rules set forth in Glenbard High School District 87 Student Handbook, Board Policy 7:190 regarding student discipline, and all other Board Policies. A suspension from school may result in an additional suspension from an athletic or extracurricular program.
- F. Display conduct becoming of a Glenbard High School District 87 representative, including respect for people and property at all times. In addition, students should recognize that hazing, as defined within Board Policy 7:190, is strictly prohibited by this Extracurricular Code. Administrators, sponsors and coaches prohibit any and all forms of hazing or initiation rights to a club, activity or athletic team.
- G. Abide by activity or team rules as established by the individual sponsors or coaches in consultation with the Assistant Principal for Student Services and the Assistant Principal for Athletics.
- H. Not use or possess tobacco products of any kind including, without limitation or exception, any form of e-cigarettes, vaping cigarettes (or similar devices using ground materials, waxes, or oil concentrates for vaping use), and all associated materials.
- I. Not use or possess any illegal or controlled substance, including marijuana, alcohol, unlawful drugs, “look-alike” drugs, drug paraphernalia, and/or any other substance not prescribed for the student that is used or typically intended to be used to achieve a high or altered mental or physical state as identified in the Glenbard High School District 87 Student Handbook, Board Policy 7:190 regarding student discipline, and all other Board Policies.
- J. Not attend, host, plan or otherwise participate in parties, gatherings, or ride in automobiles, etc., where students are using or in possession of any illegal or controlled substance, including marijuana, alcohol, unlawful drugs, “look-alike” drugs, drug paraphernalia, and/or any other substance not prescribed for the student that is used or typically intended to be used to achieve a high or altered mental or physical state as identified in the Glenbard High School District 87 Student Handbook, Board Policy 7:190 regarding student discipline, and all other Board Policies. If any Glenbard High School District 87 athlete, extracurricular activity or club member attends a party/gathering in which police make arrests for drugs, alcoholic beverages, or any illegal substance, and the student is listed on the police report as an arrest, witness, or attendee, they may be in violation of the Extracurricular Code.
- K. Not engage in criminal activity. Criminal activity is defined as any activity that would constitute a violation of any state or federal criminal law, other than a minor traffic offense. A police citation, arrest or ticket may be considered a violation of this provision.

Definitions: The following additional definitions will be used in applying this Extracurricular Code:

Possession: Possession includes, but is not limited to, having access to an item in a school locker, personal effects, a vehicle, or other place where the item is located. It is not necessary that a student intend to control the item. A student may acquire knowledge of an item visually, by being told about the item, or through other sensory perception. A student’s knowledge will be determined based on the surrounding circumstances, not just the student’s statements. For example, “forgetting” that an item is in one’s locker, personal effects, or vehicle does not constitute lack of knowledge. Also, for example, coming onto school grounds or to a school-sponsored event in a vehicle which the student knows contains an item constitutes possession of that item, even if the vehicle or the item is not the student’s. A police citation, ticket or arrest for possession of any prohibited substance shall constitute possession under this Extracurricular Code. This provision on possession applies to any policy or rule which regulates or prohibits possession of any item, such as weapons or drug paraphernalia, and such substances as tobacco, alcohol, drugs and look-alikes of such items or substances.

Look-alike: A “look-alike” is any substance or item which is not, but reasonably appears to be, or is represented to be, the real substance or item. Examples include: (a) a toy gun which is very difficult to distinguish, except upon close examination, from an actual gun; (b) a green leafy plant material which is not, but is claimed, believed or intended to appear to be, marijuana; and (c) a white powdered substance which is not, but is claimed, believed or intended to appear to be a toxic chemical or biological agent.

Under the Influence: Being under the influence includes, but is not limited to, the emission of the odor of any of these substances, such as having alcohol on the breath, or any impairment of normal functioning, such as slurred speech, inability to walk properly or dilated pupils. A police citation, arrest, or ticket for intoxication shall constitute being under the influence under this Extracurricular Code.

Procedures for Breach of Extracurricular Code:

- A. When a student is found to be in violation of any section or provision of the Extracurricular Code, a consequence will be assigned by the Assistant Principal for Athletics and/or the Assistant Principal for Student Services or designee on a case-by-case basis. These consequences may include but are not limited to:
1. Warning
 2. Parent/student meeting with coach/sponsor and Assistant Principal for Athletics/Assistant Principal for Student Services
 3. Probation
 4. Suspension from team
 5. Exclusion from team membership

Students may also be assigned specific consequences for violations of the Sections of the Extracurricular Code regarding abuse and possession of tobacco, alcohol, and other prohibited substances, as set forth below.

- B. In the event a student is found to be in violation of Item H of the “Expectations” Section above, sanctions include the following:
1. For the first violation of this policy, a student will be suspended from 10% of the scheduled contests/events in which he/she is currently participating. If necessary, the suspension will be carried over from one season/activity to the next or from one year to the next.
 2. For the second violation of this policy:
 - a. If the student enrolls in and successfully completes an approved smoking cessation program, he/she will be suspended from 20% of the scheduled contests/events in which he/she is currently participating. If necessary, the suspension will be carried over from one season to the next or from one year to the next.
 - b. **Illinois High School Association
(For 2020-21 School Term)**

This summary is for the purpose of assisting in the understanding of IHSA By-Laws and Policies. In case of a conflict between this publication and the constitution and by-laws of the IHSA, the constitution and by-laws shall control.

Key Provisions Regarding IHSA Rules

Eligibility Rules

When you become a member of an interscholastic team at your high school, you will find that both your school and the IHSA will have rules you must follow in order to be eligible for interscholastic participation. The IHSA's rules have been adopted by the high schools which are members of IHSA as part of the Association's constitution and by-laws. They must be followed as minimum standards for all interscholastic athletic competition in any member high school. Your high school may have additional requirements, but they may not be less stringent than these statewide minimums.

The principal/official representative of your school is responsible to see that only eligible students represent the school in interscholastic competition. Any question concerning your eligibility should be referred to your principal/official representative, who has a complete copy of all IHSA eligibility rules, including the Association's due process procedure. Only the IHSA Executive Director is authorized to make formal rulings on eligibility, so if your principal/official representative has questions or wishes assistance in answering your questions, the principal/official representative should contact the IHSA Office.

Information contained here highlights some of the most important features of the IHSA by-laws regarding interscholastic eligibility. It is designed to make you aware of major requirements you must meet to be eligible to compete in interscholastic competition. The information here is only a general description of major by-law provisions and does not contain the statement of the by-laws in their entirety. You can review the by-laws at www.ihsa.org.

You may lose eligibility for interscholastic competition if you are not in compliance with IHSA by-laws. Remember, if you have any questions regarding IHSA rules, please contact your principal/official representative.

1. Attendance

- A. You may represent only the school you attend. Participation on a cooperative team of which your school is a member is acceptable.
- B. You must be enrolled and attending classes in your high school no later than the beginning of the 11th school day of the semester.
- C. If you attend school for ten (10) or more days during any one semester, it will count as one of the eight (8) semesters of high school attendance during which you may possibly have eligibility.
- D. If you have a lapse in school connection for ten (10) or more consecutive school days during a semester, you are subject to ineligibility for the rest of the semester. The specific terms of your extended absence must be reviewed by the Executive Director to determine if it is "lapse in school connection" or not.

2. Scholastic Standing

- A. You must pass twenty-five (25) credit hours of high school work per week. Generally, twenty-five (25) credit hours is the equivalent of five (5) .5 credit courses (2.5 full credits).
- B. You must have passed and received credit toward graduation for twenty-five (25) credit hours of high school work for the entire previous semester to be eligible at all during the ensuing semester.

3. Residence

Your eligibility is dependent on the location of the residence where you live full time with your parents, parent who has been assigned custody by the court, or court appointed legal guardian.

You may be eligible if you are entering high school as a freshman and:

- A. You attend the public high school in the district in which you live full time with both of your parents, custodial parent or court appointed guardian; or
- B. In the case of a multiple school district, you attend the public high school in the attendance area where you live full time with your parents, custodial parent or court appointed guardian; or
- C. You have paid tuition to attend a public school for a minimum of 7th and 8th grades in a district other than the one where you live with your parents, custodial parent or court appointed guardian and you continue to pay tuition as a high school student in that same district; or

- D. You attend a private/parochial school located within the boundaries of the public school district where you live with your parents, custodial parent or court appointed guardian; or
- E. You attend a private/parochial high school and have attended a private/parochial school for 7th and 8th grades, or for any four (4) grades from kindergarten through eighth grades; or
- F. You attend the private/parochial high school which one or both of your parents attended; or
- G. You attend a private/parochial high school located within a thirty (30) mile radius of the residence where you live with your parents, custodial parent or court appointed guardian.

4. Transfer

- A. In all transfer cases, both the principal of the school from which you transfer and the principal of the school into which you transfer must concur with the transfer in writing on a form provided by the IHSA Office. You cannot be eligible when you transfer until this form is fully executed and on file in the school office.
- B. If you transfer after classes begin for the current school term, you will definitely be ineligible for thirty days from the date you start attending classes at the new high school. In addition, you will be ineligible for that entire school term in any sport in which you engaged in any team activity, including but not limited to tryouts, drills, physical practice sessions, team meetings, playing in a contest, etc. at the school from which you transferred. For example, if you were out for cross country at the school from which you transfer and transfer after the IHSA sport season has begun, you will be ineligible for cross country that entire school term at the new school.
- C. If you transfer attendance from one high school to another high school, you will be ineligible unless:
 - 1. Your transfer is in conjunction with a change in residence by both you and your parents, custodial parent or court appointed guardian from one public school district to a different public school district;
 - 2. Your transfer is between high schools within a public school district and both you and your parents, custodial parent or court appointed guardian change residence to the district attendance area for the school to which you transfer;
 - 3. Your parents are divorced or legally separated; you transfer to a new school in conjunction with a modification or other change in legal custody between your parents by action of a judge; and required court documents are on file at the school into which you transfer;
- D. If you transfer in conjunction with a change in legal guardianship, a ruling on your eligibility must be obtained from the IHSA Office.
- E. If you transfer attendance from one school to another while you are ineligible for any reason, the period of ineligibility imposed prior to your transfer or the period of ineligibility that would have been imposed had you stayed at the school, will be enforced at the school to which you transfer, even if you are otherwise in compliance with the by-laws.
- F. Any questions about your eligibility in any of these instances must be resolved by a formal ruling from the IHSA Executive Director.
- G. In all other transfer situations, a ruling by the IHSA Executive Director is necessary to determine your eligibility. This ruling must be obtained in writing by the principal/official representative of the school into which you transfer before you participate in an interscholastic athletic contest.
- H. The IHSA Executive Director may grant limited eligibility if you transfer schools prior to the start of your sophomore year and are not otherwise in compliance with the transfer eligibility by-laws.

5. Age

You will become ineligible on the date you become twenty (20) years of age, unless your twentieth (20th) birthday occurs during a sport season. In that case, you will become ineligible in regard to age at the beginning of the sport season during which your twentieth(20th) birthday occurs.

6. Physical Examination

You must have placed on file with your principal/official representative a certificate of physical fitness, signed by a licensed physician, physician's assistant or nurse practitioner in order to practice or participate. Your physical examination is good for 395 days from the date of the exam. The physician's report must be on file with your high school principal/official representative.

7. Amateur Status

- A. If you win or place in actual competition, you may accept a medal or trophy for that accomplishment, without limit to its cost. Your school may provide IHSA state champions with championship rings/mementoes.
- B. For participating in competition in an interscholastic sport, or for athletic honors or recognition in a sport, you may receive any type of award (except cash, check or legal tender) that does not exceed \$75 fair market value. There is no limitation on the value of your school letter.
- C. The amateur rule does not prohibit you from being paid to referee, receiving pay for teaching lessons or coaching in a little kids league, etc. It only applies to your own competition in an athletic contest.
- D. If you violate the amateur rule, you become ineligible in the sport in which you violate. You must be reinstated by the Executive Director before you may compete again.

8. Recruiting of Athletes

- A. The by-laws prohibit recruiting of high school students for athletics. If you are solicited to enroll in or transfer to a school to participate in athletics, you are being illegally recruited and your eligibility is in jeopardy.

- B. You will lose your eligibility if you enroll in or transfer to a school in response to recruiting efforts by any person or group of persons, connected with or not connected with the school, related to athletic participation.
- C. You will lose your eligibility if you receive special benefits or privileges as a prospective student-athlete which are not uniformly made available to all students who attend your school.
- D. You may not receive an “athletic scholarship” or any other special benefit from your school because you participate in athletics.
- E. It is a violation for any student-athlete to receive or be offered remuneration or any special inducement which is not made available to all applicants who apply to or enroll in the school.
- F. It is also a violation to induce or attempt to induce or encourage any prospective student to attend any member school for the purpose of participating in athletics, even when special remuneration or inducement is not given. Please remember that you may not be offered or receive any benefit, service, privilege or opportunity which is not also provided or made available to all prospective students at that school. Note: If you are interested in finding out more information about a school, contact the principal/official representative or an administrator at the school, not a member of the coaching staff.

9. School Team Sports Seasons

- A. Each sport conducted by IHSA member schools has a starting and ending date. Your school may not organize a team, begin practice or participate in contests in a given sport until the authorized starting date. Your school may not continue to practice or participate in contests after the authorized ending date. This means that:
 - 1. During the school year, you may not participate on a non-school team coached by any member of your school’s coaching staff unless it meets specific criteria established by the by-laws.
 - 2. No school coach may require you to participate in an out-of-season sport program as a requirement for being a member of a school team.
- B. Violation of the sport season by-laws will result in penalty to you and/or to your school’s coaching personnel.

10. Playing in Non-School Competition

- A. During the time you are participating on a school team in a sport at your high school, you may neither play on a non-school team nor compete in non-school competition as an individual in that same sport or in any skill of that sport.
- B. If you participate in a non-school competition during a sport season and subsequently wish to join the school team in the same sport, you will not be eligible.
- C. If you wish to participate in a competition sanctioned by the National Governing Body of a sport, a junior affiliate of the National Governing Body of a sport or an official Illinois affiliate for the sport, your principal/official representative must request approval through the Schools Center prior to any such participation.
- D. You may try out for a non-school team while you are on your school’s team in that same sport, but you may not practice, receive instruction, participate in workouts, or participate in competition with a non-school team in that same sport until you cease being a member of your school’s team. You cease being a member of your school’s team when the team(s) of which you are a member terminates for the school term.
- E. You will become ineligible if you participate on, practice with or compete against any junior college, college or university team during your high school career.

11. All-Star Participation

- A. After you have completed your high school eligibility in the sport of football, basketball, soccer or volleyball, you may participate in three (3) all-star contests in any of these sports and still play for other school teams, provided the high school season in that sport has been completed.
You may lose your eligibility for other interscholastic sports if you play in all- star competition in any of these sports under any other conditions.
- B. You are not restricted from participating in all-star competition in sports other than football, basketball, soccer or volleyball, except that you may not do so during the school season for the sport.

12. Misbehavior During Contests

- A. If you violate the ethics of competition or the principles of good sportsmanship, you may be barred from interscholastic athletic contests, either as a participant or spectator or both.
- B. If you are ejected from a contest for unsportsmanlike conduct, you will be ineligible for your team’s next contest. You are also subject to other penalties.

THE EDUCATIONAL RIGHTS OF ILLINOIS' CHILDREN & YOUTH IN HOMELESS SITUATIONS

Statewide Access to Education for Homeless Children and Youth

If you have any questions regarding the educational rights of homeless children and youth in Illinois, you can contact:

Glenbard Twp High School District 87 Homeless Liaison

Ms. Janet Cook

(630) 469-9100 or contact the school Assistant Principal of Student Services

The Educational Rights of Homeless Children & Youth

Homeless children and youth face special problems in getting to school and staying in school. Many homeless families move during the school year, sometimes more than once. School records get lost. Physical examinations and immunizations required for school may be hard to get. Both Illinois and federal law – the Illinois Education for Homeless Children Act and the federal McKinney-Vento Homeless Assistance Act – require that school district liaisons provide assistance to homeless children and youth

to solve these problems. These liaisons have an ongoing obligation to understand the barriers faced by homeless children and youth in enrolling, attending and succeeding in school and an obligation to address those barriers, whatever they may be.

Illinois school district liaisons are required to take action to help children and youth who are homeless. The educational rights and benefits for homeless children and youth are described below.

Who is Homeless?

The definition of “*homeless*” under Illinois (and federal) law is very broad. It includes a person who lacks a “fixed, regular and adequate nighttime” abode; a person whose primary nighttime residence is a shelter (including transitional housing or hotels) or a place not ordinarily used by human beings for sleeping (box, car, etc). **This definition is broad enough to include “the hidden homeless”, i.e., children and youth that are temporarily doubled-up in housing because they cannot afford a place to live.**

The Complaint Manager will first attempt to resolve complaints without resorting to this grievance procedure. If a formal complaint is filed under this policy, the Complaint Manager will address the complaint promptly and equitably. A student and/or parent/guardian filing a complaint under this policy may forego any informal suggestions and/or attempts to resolve it and may proceed directly to the grievance procedure. The Complaint Manager will not require a student or parent/guardian complaining of any form of harassment to attempt to resolve allegations directly with the accused (or the accused’s parents/guardians); this includes mediation.

Right to Pursue Other Remedies Not Impaired

The right of a person to prompt and equitable resolution of a complaint filed hereunder shall not be impaired by the person's pursuit of other remedies, e.g., criminal complaints, civil actions, etc. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies and use of this grievance procedure does not extend any filing deadline related to the pursuit of other remedies. If a person is pursuing another remedy subject to a complaint under this policy, the District will continue with a simultaneous investigation under this policy.

Deadlines

All deadlines under this procedure may be extended by the Complaint Manager as he or she deems appropriate. As used in this policy, *school business days* means days on which the District's main office is open.

Filing a Complaint

A person (hereinafter Complainant) who wishes to avail him or herself of this grievance procedure may do so by filing a complaint with any District Complaint Manager. The Complainant shall not be required to file a complaint with a particular Complaint Manager and may request a Complaint Manager of the same gender. The Complaint Manager may request the Complainant to provide a written statement regarding the nature of the complaint or require a meeting with a student's parent(s)/guardian(s). The Complaint Manager shall assist the Complainant as needed.

For bullying and cyber-bullying, the Complaint Manager shall process and review the complaint according to Board policy 7:180, *Prevention of and Response to Bullying, Intimidation, and Harassment*, in addition to any response required by this policy.

Investigation

The Complaint Manager will investigate the complaint or appoint a qualified person to undertake the investigation on his or her behalf. The Complaint Manager shall ensure both parties have an equal opportunity to present evidence during an investigation. If the Complainant is a student under 18 years of age, the Complaint Manager will notify his or her parent(s)/guardians(s) that they may attend any investigatory meetings in which their child is involved. The complaint and identity of the Complainant will not be disclosed except: (1) as required by law or this policy, (2) as necessary to fully investigate the complaint, or (3) as authorized by the Complainant.

The identity of any student witnesses will not be disclosed except: (1) as required by law or any collective bargaining agreement, or (2) as necessary to fully investigate the complaint, or (3) as authorized by the parent/guardian of the student witness, or by the student if the student is 18 years of age or older.

The Complaint Manager will inform, at regular intervals, the person(s) filing a complaint under this policy about the status of the investigation. Within 30 school business days of the date the complaint was filed, the Complaint Manager shall file a written report of his or her findings with the Superintendent. The Complaint Manager may request an extension of time. If a complaint of sexual harassment contains allegations involving the Superintendent, the written report shall be filed with the Board, which will make a decision in accordance with the following section of this policy. The Superintendent will keep the Board informed of all complaints.

Decision and Appeal

Within five school business days after receiving the Complaint Manager's report, the Superintendent shall mail his or her written decision to the Complainant and the accused by first class U.S. mail as well as to the Complaint Manager. All decisions shall be based upon the *preponderance of evidence* standard.

Within 10 school business days after receiving the Superintendent's decision, the Complainant or the accused may appeal the decision to the Board by making a written request to the Complaint Manager. The Complaint Manager shall promptly forward all materials relative to the complaint and appeal to the Board. Within 30 school business days, the Board shall affirm, reverse, or amend the Superintendent's decision or direct the Superintendent to gather additional information. Within 5 school business days of the Board's decision, the Superintendent shall inform the Complainant and the accused of the Board's action.

This policy shall not be construed to create an independent right to a hearing before the Superintendent or Board. The failure to strictly follow the timelines in this grievance procedure shall not prejudice any party.

Appointing Nondiscrimination Coordinator and Complaint Managers

The Superintendent shall appoint a Nondiscrimination Coordinator to manage the District's efforts to provide equal opportunity employment and educational opportunities and prohibit the harassment of employees, students, and others. The Nondiscrimination Coordinator also serves as the District's Title IX Coordinator.

The Superintendent shall appoint at least one Complaint Manager to administer the complaint process in this policy. If possible, the Superintendent will appoint two Complaint Managers, one of each gender. The District's Nondiscrimination Coordinator may be appointed as one of the Complaint Managers.

The Superintendent shall insert into this policy and keep current the names, addresses, and telephone numbers of the Nondiscrimination Coordinator and the Complaint Managers.

Administrative Procedure 4:110-R1

Transportation Procedures

Eligibility

- A. Students residing at least one and one-half miles from school shall be provided free transportation to school. Cases in which there is doubt as to the distance a student resides from his or her school of attendance must be referred to the District's Director of Transportation for measurement and other review. **Distance challenges will be handled by the Director of Transportation for resolution.**
- B. Subject to the submission of a petition to the Board of Education, and in accordance with Section 29-3 of the Illinois School Code (105 ILCS 5/29-3), the Board of Education may permit students residing within one and one-half miles from school of attendance to receive free transportation to school where conditions are such that walking, either to or from the school or to or from a pick-up point or bus stop, is determined to be a serious hazard to the safety of the student due to vehicular traffic or rail crossings. Such transportation shall not be provided if adequate transportation for the public is available.

Fee-Based Transportation

The Board of Education recognizes that students who do not qualify for free busing may still desire busing to school. Transportation may be provided on a fee basis to students that do not qualify for free transportation if the following conditions are met:

- Space must be available on the bus. Space availability will not be determined until September 15th of each school year when bus capacities are determined.
- If space is available, the student must enter the bus from a regularly established bus stop serving the student's school of attendance. The District will not add additional routes for such students.
- The applicant must complete Application (Form 4:110-E2), which must in turn be approved by the Director of Transportation.
- Fees must be paid in advance of service offered to student.

Privileges to ride the bus may be revoked for inappropriate behavior or infractions of the rules, as determined solely in the discretion of the District. There will be no refund of fees if privileges are revoked for disciplinary reasons.

Students that are eligible for free transportation shall take precedent over fee-paying students for spaces on a bus. If at any time during the school year a student that is eligible for free transportation is added to the bus roster and, as a result, there are no longer enough seats to accommodate a fee paying student, the fee paying student shall be removed from the bus roster. If there is more than one fee paying student on the bus roster, the fee paying student who paid his or her fee last to the District will be removed from the bus roster. If a fee paying student is removed from the bus roster due to limited space, the District will reimburse the fee paying student removed from the bus roster prorated.

The cost for fee-based transportation shall be set each year by the Board of Education.

Determination of Bus Zones and Routes

- A. Usually in the spring prior to the first year in high school, but no later than the opening of school, every student must complete a student statistical sheet. The statistical sheets must be submitted to the Guidance Office as soon as possible after completion.
- B. The District Administrative Center must assign each student to a zone within the appropriate school attendance area. The zone assignment reflects whether or not a student is eligible to ride a bus.
- C. Homeless students shall be assigned a bus route in accordance with the McKinney Homeless Assistance Act.
- D. The District Transportation Office will establish bus routes taking into account the density of student population in the various zones and the particular needs of each building. The District Transportation Office must list bus routes by school, showing place and time of pickups by route. The route of listings must be forwarded to each building. Data processing on return of the bus report from the bus company, must file them for use in preparation of reimbursement reports.
- E. District Data Department will enter information to indicate if the student is eligible to ride a bus.
- F. At registration each fall, a student's identification card should be stamped "bus" so that the driver can easily read it. The student must also be provided the bus route that he/she has been assigned.

New Students or Student Change of Address

- A. New students or students who enter or have a change of address during the school year must complete a student statistical sheet on which the District Administrative Center must assign a zone number.
- B. Such students that are eligible to ride a bus will be provided with an assigned bus route.
- C. If a student's change of address results in a change in the student's bus eligibility, the student must get a new student identification card.

Quality of Transportation Service

Meetings shall be held quarterly with the transportation contractor to review the following areas to insure quality bus service:

1. Discipline
2. Communication between contractor and school
3. Pickup and departure times
4. Bus loads
5. Adequacy of late bus routes
6. Adequacy of extra-curricular buses
7. Special event scheduling
8. Compliance with all local, State and Federal requirements for operation. This includes reviewing safety reports and driver certification requirements.
9. Bus evaluation drill

Cost of Transportation Service

There shall be an annual review of the cost of providing transportation service.

Special Education Transportation

There shall be an annual review with the Cooperative Association for Special Education (*CASE*) of the following areas:

1. Cost
2. Safety
3. Scheduling and routes
4. Compliance with local, State and Federal requirements
5. Procedure for student placement on bus

Bus Rules for Students

The following instructions to bus students should be distributed at least prior to the first year of the student's riding a bus:

- A. Changing weather and traffic conditions make it impossible for your bus to call for you at exactly the same time each day. Therefore, we recommend that you arrive at your bus stop at least 5 minutes early; and while waiting for your bus, please have respect for other's people property and the roadway.
- B. When boarding the bus, have your identification card ready in hand to show to the driver.
- C. Conduct while riding the bus:
 - 1. You may converse quietly with persons sitting near you, but must not annoy other bus riders.
 - 2. You must not change seats when the bus is in motion.
 - 3. Under no circumstances may you put your head or arms out of the windows. Windows must not be lowered below the mark shown on the bus.
 - 4. Treat bus equipment as you would valuable furniture in your home. *Damage to seats, etc., must be paid for by the offender.*
 - 5. In the case of a road emergency, remain in the bus until instructions are given by the driver.
 - 6. The use of profane or abusive language will not be tolerated on the bus.
 - 7. Drivers are not permitted, except by proper authorization by a school official, to stop at places other than the regular bus stop.
 - 8. Smoking or striking matches is not permitted on the bus.
 - 9. Do not push or crowd when loading or unloading; be courteous to fellow passengers allowing front row students to disembark first.
 - 10. Unload only by the front door - the rear door is for emergency use only.
- D. The bus driver is responsible for the bus and deportment of riders. If it becomes necessary for the bus driver to ask for your identification card, you are to surrender it without argument.
- E. Failure to comply with these regulations may result in suspension of your bus riding privileges or your suspension from school.

Administrative Exhibit 9:010-E2

Exhibit: Glenbard District 87 Technology Rental & Security Agreement

Description of Technology devices to be rented:

Annual Rental Fee: \$ _____

Apple iPad

(To be determined by the Board)

Protective Case

USB-1M Apple Lightning Cable

USB-USB Power Adapter/Charger

Glenbard Township High School District 87 is pleased to offer its technology rental program while your student is enrolled in the district. In order to rent a technology device and the resources associated with it, the student's parent/guardian must agree with the terms and conditions detailed below and indicate their understanding of this agreement before their student may be issued a device. The terms and policy detailed below is a minimum requirement for all students participating or assigned to the 1:1 program at all Glenbard District 87 high schools.

The following terms govern the use of the technology device rented from the District and identified on this form:

1. **Ownership.** The District retains ownership of the technology device. The device/equipment must be turned over to District staff upon request for content inspection, maintenance, or other administrative or support actions. Renters must provide access and passcodes to the device upon request by any Glenbard staff member.
2. **Home Use.** The student is permitted to take the device home at the end of the school day. In addition, students that plan to return for the following school year are permitted to continue to use the rental device during the summer months. Students who owe money at the end of the school year will be allowed to retain their device, however, the device will be disabled by the District over the summer until outstanding fees are paid. Note: Students that are enrolled in summer school and have an unpaid balance will be able to use their device while they are in summer school.
3. **Reasonable Care.** It is the responsibility of the student and his/her parent(s)/guardian(s) to exercise reasonable care over the technology device at all times. This includes, but is not limited to, keeping the device within the assigned/provided case at all times, the duty to secure the technology device in a safe location and to otherwise take reasonable steps to protect the technology device from damage and theft. For example, leaving a technology device in an unsecured location can promote theft, and leaving a technology device unattended in a car, even if secured, can lead to damage from

temperature extremes. If a technology device is damaged as a result of the student and/or his/her parent(s)/guardian(s)'s failure to exercise reasonable care, the student and his/her parent(s)/guardian(s) will be responsible for a replacement fee for the technology device.

4. **Student Expectations.** Students are expected to bring their iPad with them to school every day. The devices must be fully charged, in their provided case and ready to be used when they arrive to school. When necessary, a keyboard will be available for student use in the classroom, or students may check out a keyboard for an extended period of time.
5. **Insurance.** Students and parent(s)/guardian(s) who pay the rental fee are automatically insured. The insurance covers accidental damage and loss/theft of a device. Families/students that are approved for fee waivers are covered under the insurance program as well. Repairs and replacement of the technology device can be costly and the District will not waive the cost of repairs or replacement for uninsured students. The insurance requires a deductible to be paid before a replacement device may be issued. Rented devices will be replaced with similar model devices. In all cases of loss or theft the District requires that a police report be filed and a copy of the report be submitted along with the insurance deductible before a replacement device will be issued. In certain situations the student may be loaned a temporary device while their iPad is being repaired or serviced.

The deductible fine amounts are as follows:

1st occurrence - \$75; 2nd occurrence - \$150; 3rd occurrence - \$300

The District is the only party authorized to repair/service the rented devices. Any additional money spent by parents/students during the rental period will not be reimbursed. Renter remains liable for any damages identified during or after the rental period if/when the device is turned in and inspected.

What is NOT covered: The District's insurance plan does not cover water/spill damage, gross negligence, or intentional damage. Accessories and replaceable parts such as cases, cables, charging adapters, or batteries will not be replaced/covered by this insurance plan. Cosmetic damage, which does not affect the functionality, will not be repaired/replaced. If insurance does not cover the damage, the parent(s)/guardian(s) will be required to pay for the replacement of the device. Any device with removed or altered serial numbers will not be covered and parents will be responsible to replace any altered devices.

6. **Return of Technology Device.** The District may require the student to return the technology device and/or related resources at any time, including if the student is no longer enrolled at the District or at the end of the school year. The student must return the technology device in the same condition as the District issued it. **No permanent marks may be made on the technology device or related resources.** Cases that have been "decorated" or modified will be required to be replaced with a clean/new case. Devices that have been decorated or modified in any way will be assessed and the student will be responsible for any fines/fees accordingly. A student who fails to produce the technology device and/or any related resources within 24 hours after such a request may be subject to discipline or other consequences. The District will impose fines for the cost or repair or the replacement of lost items. If the iPad, protective case, USB cable, 10W USB power adapter, or any part thereof is missing or damaged upon return, the renter will be responsible for the current replacement cost.
7. **Stolen Property Report.** Renters understand that failing to return rental items will result in the School District filing a stolen property report with local law enforcement. Unauthorized persons in possession of School District property are subject to prosecution under Illinois law. The rental device is the property of Glenbard Township High School District 87, a state agency; the theft of the provided device may result in felony charges.
8. **Rental Fees.** The annual rental service fee is nonrefundable. Once the student has taken possession of the device no portion of the fee will be refunded for any reason. Students that transfer in at any time during the year will be charged the full rental service amount. The device rental fee will NOT be prorated for the shortened term and will be required to be renewed at the regular price at the start of the next school year.

Permanent Ownership Option. The assigned device may be purchased from the District should a student transfer out of the District or graduate as long as all fees/charges are current; students will be assessed a prorated amount as approved by the Board. At the end of 8 semesters students will own the device upon graduation, again as long as all fees/charges on his/her account are paid in full. When a device is purchased from the District, the ownership of the device will be transferred to the parents/guardians/student. Once purchased, the device will no longer be eligible for the District's insurance coverage or any additional internal support services.

Technology Device Safety

1. **Filter.** The District may filter or block any material on the technology device that the District in its sole discretion deems to be inappropriate, including certain Internet sites or apps. The District may grant requests to adjust filters or unblock

sites/service for bona fide educational purposes. The student may make a request to their instructor who may request to have such filters or blocks adjusted. The presence or lack of filters or blocks do not relieve the student and/or his/her parent(s)/guardian(s) of their responsibility to comply with requirements of this Agreement or the District's Acceptable Use Policy and does not relieve the parent(s)/guardian(s) of their responsibility for supervising the student's use outside of school.

2. Safety Training. The District provides basic training in Internet safety & digital citizenship as part of the curriculum. It is the responsibility of the student's parent(s)/guardian(s), however, to ensure the student uses the technology device in a safe and appropriate manner at all times.
3. Supervision off School Grounds. The District's rental of the technology device to the student does not create any duty on the part of the District to provide supervision of the use of the technology device or protection of the student regarding use of the technology device off school grounds or outside of school hours. It is the sole responsibility of the parent(s)/guardian(s) to supervise the student use of the technology device when off school grounds or outside of school.

No Expectation of Privacy

1. District Right to Monitor. Users have no expectation of privacy in materials or content created, received, sent, viewed, or otherwise accessed on the technology device even if using a personal account (such as a personal webmail or social media account). The technology device may contain tracking and/or monitoring software that allow the District to obtain and record information concerning use of the technology device. The District may review and record activities on the Internet, use of personal, password protected websites and accounts, webmail, social media, or other accounts accessed on the technology device. The District may also use tracking location services or a mobile device management system to identify the geographic location of the technology device. The District may install and use such software for the purposes described above at any time, including but not limited to if a technology device is lost, stolen, or not returned. Students and/or their parent(s)/guardian(s) will not be notified individually when such software is used for the purposes described above. The District will not actively track or monitor the use of the devices outside the District's internal network. As a result, the District is not responsible for assisting with the recovery of any lost or stolen devices no matter where or when the loss occurs. The iPads/Apple ID accounts include access to a "Find My iPad" feature that enables the registered account holders to attempt to locate their iPads via Apple's online services. Use of the "Find My iPad" feature will be covered during the initial mandatory training session. While this service may be used to attempt to recover or locate a device it does not guarantee that this application/utility will locate or recover your device.
2. Passwords. The student must provide requesting staff members with all passwords/passcodes to the device and its contained software or applications upon request. Failure to provide staff with access to the device may result in lost content due to the resetting process. In addition, the student may also be subject to discipline or other consequences if the student is unwilling to provide such access.
3. District Retention of Records Created by the Device. The District may retain any records, including but not limited to electronic communications, such as emails and messages on personal social media accounts, from the technology device that it determines must be retained by law, including public records under the Local Records Act, school student records under the Illinois Student Records Act, and educational records under the Family Educational Rights and Privacy Act.

Appropriate Use

1. Non-School Related Uses. The technology device is intended for use only by the student for school related/educational purposes. The student may engage in non-school related uses if such uses comply with all District policies and procedures and if such uses do not interfere in any way with the student's ability to use the technology device for school-related uses.
2. Lending of Device Prohibited. The student may not lend the device or related resources to anyone, including members of the student's family, for any reason. Loss or damage of the device while in use by anyone other than the assigned renting student will not be covered by the District insurance program.
3. District Policies. The student's use of the technology device must comply with all requirements of all District policies and procedures, including but not limited to the Acceptable Use of Technology policy, other technology policies and procedures, and the student discipline code, regardless of where or when the student's use occurs. This means that any use by a student of a technology device will be subject to discipline as if the activities had occurred during school hours on school grounds, regardless of whether the conduct occurs off-campus and/or on the student's free time. The District reserves its right to block application functionality, implement security measures, change device settings, disable the device or take any other administrative or security steps, as deemed necessary in the District's sole discretion. Any

attempt to modify (aka “Jailbreak”) the device/equipment, including but not limited to changing Internet access settings, will be construed as a violation of the District’s Acceptable Use of Technology policy.

4. Installation of Applications. Each student will be required to use a Glenbard created Apple ID. This will allow the student to download applications (Apps) and content from the App Catalog/iTunes/App Store. Glenbard School District 87 may provide the students with redeemable application codes or links to applications for specific courses. These codes will be provided directly and only to the assigned student and once redeemed cannot be transferred, reused, or reclaimed. If a student’s provided codes are redeemed on an alternative Apple ID, the District will not provide additional redemption codes and it will be the parent/student’s responsibility to acquire the application(s) needed for use in the classroom. Parents/students may choose to associate a credit card or gift card to make additional purchases at their own discretion. There are a large number of free apps available that the District will utilize as much as possible/appropriate. Parents/guardians acknowledge that the District is not responsible for the operator’s activities performed while using any applications. Any charges due to Apple or other third parties merchandise providers that are generated from within any application or content/media (aka “In-App Purchases”) are the responsibility of the renter/account holder. The District is not responsible for disposition of personal applications when the device is returned. The District is not responsible for any software loaded on home computers or the effect or interaction that the provided device or its software may have on the home computer’s other programs or systems.
5. Storage Management. Students must maintain sufficient memory to accommodate all school-required content. The devices have a finite amount of local storage space available and required school content will take priority over personal content such as photos, videos, music or non-required apps.
6. Revocation of Use. The use of the technology device and the District’s network is a privilege, not a right. The District may revoke the student’s right to use the technology device and related services at any time it deems appropriate, including where the student violates this Agreement or District policy or procedure. The student and parents/guardian release, hold harmless, defend, and indemnify the District from any claims, liability, or money damages (including attorney fees) brought by a third person, the student, or the parents/guardians against the District and related to the student’s use of the device or the student’s or parents’/guardians’ breach of this agreement.

If any term, covenant, condition, or provision of this agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions shall remain in full force and effect and shall in no way be affected, impaired, or invalidated.

*Parent/Guardian will indicate acceptance of this agreement using their confidential student information system account user name and password. Once they have logged into the student information system they will be presented with the text above and given the option to agree to these terms or to decline these terms and then be directed to contact phone numbers and or additional information. Parents will not be permitted to continue with the registration/demographics validation process until after they have agreed to these terms.

iPad Rentals

District 87 has completed the transition from textbooks to electronic devices. All students are now issued iPads for instruction and the majority of curriculum materials will be delivered electronically. The annual rental fee for the iPad is \$189, which includes insurance, technical support and use of loaner equipment. After the family has made 4 annual rental payments over the student’s career at Glenbard and student’s account is paid in full, the device will become the property of the student. Glenbard charges an annual fee of \$85 for digital curriculum. Any curriculum materials not provided electronically will be provided at no additional cost. This includes textbooks, paperback novels, and workbooks. Items that will still need to be purchased include PE uniforms and locks, and any supplies required by the teacher for that specific course.

Policy 6:240**Field Trips and Educational Tours**

The Board of Education encourages field trips and educational tours when the experiences are an integral part of the school curriculum and contribute to the District's desired educational goals. A field trip must show promise of providing significant learning experiences not otherwise obtainable in the classroom. Educational tours include overnight stays and must be directly supplemental to a regular school course and show promise of providing significant learning experiences not otherwise obtainable in the classroom. A field trip is considered an educational tour if it requires an overnight stay. Any field trip or educational tour may be canceled due to danger to students, staff, or chaperones. In the event that a field trip or educational tour must be canceled due to dangerous circumstances, fees paid by students may be forfeited.

Guidelines for field trips and educational tours are:

1. All field trips and educational tours shall be adequately supervised by staff members and other adults.
2. Whenever entrance fees, food, lodging, or other costs are involved, these costs shall be assumed by the student unless otherwise stipulated by the Board of Education; however, no student shall be excluded from any field trip or educational tour because of a lack of funds. Each building will assure that any student wishing to participate in a school-sponsored field trip or educational tour will be allowed to do so. On all field trips, a bus fee to be set by the Superintendent or designee may be charged to help defray the cost of transportation.
3. Parental permission must be obtained in writing when a field trip or educational tour is planned.
4. Field trips and educational tours require the authorization of the Superintendent or designee, who may deny a request in the Superintendent's sole discretion.
5. Any field trip that is over 100 miles requires Board of Education approval.
6. All educational tours require Board of Education approval.
7. Authorization shall be based on the written rationale of the travel's educational value as well as the safety and welfare of the student involved.

The teacher shall arrange for the supervision and appropriate alternative learning experiences for non-participating students.

Health, Eye, and Dental Examinations; Immunizations; and Exclusion of Students

Required Health Examinations and Immunizations

A student's parent(s)/guardian(s) shall present proof that the student received a health examination, with proof of the immunizations against, and screenings for, preventable communicable diseases, as required by the Illinois Department of Public Health (IDPH), within one year prior to:

1. Entering the ninth grade; and
2. Enrolling in an Illinois school, regardless of the student's grade (including nursery school, special education, Head Start programs operated by elementary or secondary schools, and students transferring into Illinois from out-of-state or out-of-country).

Proof of immunization against meningococcal disease is required for students in grade 12.

As required by State law:

1. Health examinations must be performed by a physician licensed to practice medicine in all of its branches, an advanced practice nurse who has a written collaborative agreement with a collaborating physician authorizing the advanced practice nurse to perform health examinations, or a physician assistant who has been delegated the performance of health examinations by a supervising physician.
2. A diabetes screening is a required part of each health examination; diabetes testing is not required.
3. Beginning with the 2017-2018 school year, an age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination. A student will not be excluded from school due to their parent/guardian's failure to obtain a developmental screening or a social and emotional screening.
4. The District will provide informational materials regarding influenza, influenza vaccinations, meningococcal disease, and meningococcal vaccinations developed, provided, or approved by the IDPH when it provides information on immunizations, infectious diseases, medications, or other school health issues to students' parent(s)/guardian(s).

Unless an exemption or extension applies, the failure to comply with the above requirements October 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the District. New students who register after October 15 of the current school year shall have 30 days following registration to comply with the health examination and immunization regulations. If a medical reason prevents a student from receiving a required immunization by October 15, then the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by the physician, advanced practice nurse, physician assistant, or local health department responsible for administering the immunizations.

A student transferring from out-of-state who does not have the required proof of immunizations by October 15 may attend classes only if he or she has proof that an appointment for the required vaccinations is scheduled with a party authorized to submit proof of the required vaccinations. If the required proof of vaccination is not submitted within 30 days after the student is permitted to attend classes, the student may no longer attend classes until proof of the vaccinations is properly submitted.

Eye Examination

Parent(s)/guardian(s) are encouraged to have their children undergo an eye examination whenever health examinations are required.

Parent(s)/guardian(s) of students entering an Illinois school for the first time shall present proof before October 15 of the current school year that the student received an eye examination within one year prior to entry of the school. A physician licensed to practice medicine in all of its branches or a licensed optometrist must perform the required eye examination.

If a student fails to present proof by October 15, the school may hold the student's report card until the student presents proof: (1) of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15. The Superintendent or designee shall ensure that parent(s)/guardian(s) are notified of this eye examination requirement in compliance with the rules of the IDPH. Schools shall not exclude a student from attending school due to failure to obtain an eye examination.

Dental Examination

All students in ninth grades must present proof of having been examined by a licensed dentist before May 15 of the current school year in accordance with rules adopted by the IDPH.

If a student in the ninth grade fails to present proof by May 15, the school may hold the child's report card until the child presents proof: (1) of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15. The Superintendent or designee shall ensure that parent(s)/guardian(s) are notified of this dental examination requirement at least 60 days before May 15 of each school year.

Exemptions

In accordance with rules adopted by the IDPH, a student will be exempted from this policy's requirements for:

1. Religious grounds, if the student's parent(s)/guardian(s) present the IDPH's Certificate of Religious Exemption form to the Superintendent or designee. When a Certificate of Religious Exemption form is presented, the Superintendent or designee shall immediately inform the parent(s)/guardian(s) of exclusion procedures pursuant to Board policy 7:280, *Communicable and Chronic Infectious Disease* and State rules if there is an outbreak of one or more diseases from which the student is not protected.
2. Health examination or immunization requirements on medical grounds if the examining physician, advanced registered practice nurse, or physician assistant provides written verification.
3. Eye examination requirement if the student's parent(s)/guardian(s) show an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist.
4. Dental examination requirement, if the student's parent(s)/guardian(s) show an undue burden or a lack of access to a dentist.

Homeless Child

Any homeless child shall be immediately admitted, even if the child or child's parent/guardian is unable to produce immunization and health records normally required for enrollment. School Board policy 6:140, *Education of Homeless Children*, governs the enrollment of homeless children.

Policy 7:140**Search and Seizure**

To maintain order and security in the schools, school authorities are authorized to conduct searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there. These searches may be conducted without notice to or consent of the student or the student's parents, without suspicion of wrongdoing, and without a search warrant.

This policy applies to vehicles and their contents parked on property owned or controlled by the school or on any public or private property for which school authorities issue a parking permit. In addition, each school shall require students, in return for the privilege of parking on school or other property, to consent in writing to searches of his or her vehicle and its contents without notice, suspicion of wrongdoing or a search warrant.

The Superintendent or designee may request the assistance of law enforcement officials to conduct random inspections and searches of lockers, desks, parking lots, other school property and equipment and vehicles as provided above for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs. School officials may turn over items obtained in a search to law enforcement officials.

Students

When there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the District's student conduct rules, school authorities may search a student and/or the student's personal effects in the student's possession such as purses, wallets, knapsacks, book bags, lunch boxes, and electronic equipment and/or devices capable of storing, sending, and/or receiving data etc., such as, but not limited to computers, cellular telephones, personal digital accessories (PDAs), universal serial bus (USB) flash drives. Students may be required to surrender login/password information at the request of the Building Principal or designee.

The search itself must be conducted in a manner that is reasonably related to its objectives and not excessively intrusive in light of the student's age and sex, and the nature of the infraction. When feasible, the search should be conducted as follows:

- Outside the view of others, including students;
- In the presence of a school administrator or adult witness; and
- By a licensed employee or liaison police officer of the same sex as the student.
- By a network Administrator or designee – when a search of equipment and/or devices capable of storing, sending, and/or receiving data is required.

Immediately following a search, a written report shall be made by the school authority who conducted the search, and given to the Superintendent.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the District's policies or rules, such evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities.

Notification Regarding Student Accounts or Profiles on Social Networking Websites

State law requires the District to notify students and their parents/guardians that school officials may request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website. This request may be made only if there is reasonable cause to believe that the student's account contains evidence that he or she violated a school disciplinary rule or Board policy.

Administrative Procedure 7:140-R3

Use of Canine Search Units for Building, Grounds, Lockers, and/or Automobiles

Each building's administrative team may authorize the use of a canine search unit on randomly chosen days during a specified period of the day, using school personnel and/or law enforcement officials. Such searches shall be conducted in the following manner:

1. The building principal will initiate his/her request to the superintendent to use the police canine unit for building, grounds, lockers, and/or automobile searches. The principal will arrange with the police department the date, time, and location that the search is to be conducted.
2. If the canine search occurs during school hours, the principal or designee will inform students, faculty, and staff via the PA system that the police with a canine unit are conducting a building, grounds, locker, and/or automobile search. Students and staff will be instructed to use lock-down procedures. Students will remain in their classes for the duration of the search with no passes being issued.
3. The principal will designate a random section of buildings, grounds, lockers, and/or automobiles to be searched.
4. During the search, the canines will be on a leash and controlled by their handler at all times.
5. When the dogs are in the building with a handler, the canines and handlers are to be accompanied by a building administrator at all times. Dogs will not have any direct contact with students or faculty.
6. At the conclusion of the search, the principal or designee will communicate to students, faculty, and staff via the PA system that the search has been completed, the canines have left the grounds and the lock-down is over.
7. School personnel will investigate any identified building, grounds, lockers, and/or automobiles. Students or staff associated and/or assigned to an identified building, ground, locker, and/or automobile in question will be called to the Deans' Office and/or the Principal's Office, as appropriate, for further investigation.

Policy 7:160

Student Appearance

Students' dress and grooming must not disrupt the educational process, interfere with the maintenance of a positive teaching/learning climate, or compromise reasonable standards of health, safety, and decency. Procedures for handling students who dress or groom inappropriately will be developed by the Superintendent and included in the Parent-Student Handbook.

Policy 7:180

Prevention of and Response to Bullying, Intimidation, and Harassment

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors is an important District goal.

Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristics is prohibited in each of the following situations:

1. During any school sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school sponsored or school sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a nonschool-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the School District or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This paragraph (item #4) applies only when a school administrator or teacher receives a report that bullying through this means has occurred; it does not require staff members to monitor any nonschool-related activity, function, or program.

For purposes of this policy, the term *bullying* means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student that has or can be reasonably predicted to have the effect of one or more of the following:

2. Causing a substantially detrimental effect on the student's physical or mental health.
3. Substantially interfering with the student's academic performance.

Cyber-bullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. *Cyber-bullying* includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of *bullying*. *Cyber-bullying* also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of *bullying*.

Restorative measures means a continuum of school-based alternatives to exclusionary discipline, such as suspensions and expulsions, that: (i) are adapted to the particular needs of the school and community, (ii) contribute to maintaining school safety, (iii) protect the integrity of a positive and productive learning climate, (iv) teach students the personal and interpersonal skills they will need to be successful in school and society, (v) serve to build and restore relationships among students, families, schools, and communities, and (vi) reduce the likelihood of future disruption by balancing accountability with an understanding of students' behavioral health needs in order to keep students in school.

School personnel means persons employed by, on contract with, or who volunteer in a school district, including without limitation school and school district administrators, teachers, school guidance counselors, school social workers, school counselors, school psychologists, school nurses, cafeteria workers, custodians, bus drivers, school resource officers, and security guards.

The Superintendent or designee shall develop and maintain a bullying prevention and response plan that advances the District's goal of providing all students with a safe learning environment free of bullying and harassment. This plan must be consistent with the requirements listed below.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the District Complaint Manager or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the District Complaint Manager or any staff member. Anonymous reports are also accepted.

Policy 7:190

Student Behavior

The goals and objectives of this policy are to provide effective discipline practices that: (1) ensure the safety and dignity of students and staff; (2) maintain a positive, weapons-free, and drug-free learning environment; (3) keep school property and the property of others secure; (4) address the causes of a student's misbehavior and provide opportunities for all individuals involved in an incident to participate in its resolution; and (5) teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society.

When and Where Conduct Rules Apply

A student is subject to disciplinary action for engaging in *prohibited student conduct*, as described in the section with that name below, whenever the student's conduct is reasonably related to school or school activities, including, but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including, but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

Prohibited Student Conduct

The school administration is authorized to discipline students for gross disobedience or misconduct, including but not limited to:

1. Using, possessing, distributing, purchasing, or selling tobacco or nicotine materials, including without limitation or exception, any form of e-cigarettes, vaping cigarettes (or similar devices using ground materials, waxes, or oil concentrates for vaping use), and all associated materials.
2. Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.
3. Using, possessing, distributing, purchasing, selling, or offering for sale:
 - a. Any illegal drug or controlled substance, or cannabis (including medical cannabis, marijuana, and hashish).
 - b. Any anabolic steroid unless it is being administered in accordance with a physician's or licensed practitioner's prescription.
 - c. Any performance-enhancing substance on the Illinois High School Association's most current banned substance list unless administered in accordance with a physician's or licensed practitioner's prescription.
 - d. Any prescription drug when not prescribed for the student by a physician or licensed practitioner, or when used in a manner inconsistent with the prescription or prescribing physician's or licensed practitioner's instructions. The use or possession of medical cannabis, even by a student for whom medical cannabis has been prescribed, is prohibited.
 - e. Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
 - f. Any substance inhaled, injected, smoked, consumed, or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, including without limitation, pure caffeine in tablet or powdered form.
 - g. Look-alike or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance, or other substance that is prohibited by this policy.
 - h. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.

Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they had the prohibited substance, as applicable, in their possession.

4. Using, possessing, controlling, or transferring a weapon as that term is defined in the Weapons section of this policy, or violating the Weapons section of this policy.
5. Using or possessing an electronic paging device. Using a cellular telephone, video recording device, personal digital assistant (PDA), or other electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. Prohibited conduct specifically includes, without limitation, creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device, or cellular phone. Unless otherwise banned under this policy or by the Building Principal, all electronic devices must be kept powered-off and out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student's individualized education

program (IEP); (c) it is used during the student's lunch period, or (d) it is needed in an emergency that threatens the safety of students, staff, or other individuals.

6. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.
7. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a District staff member's request to stop, present school identification, or submit to a search.
8. Engaging in academic dishonesty, including cheating, cheating using technology, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, altering report cards, and wrongfully obtaining test copies or scores.
9. Dressing in a way or having an appearance that presents a health or safety hazard, which materially and substantially disrupts the educational process, or which is prohibited by school dress requirements.
10. Engaging in hazing or any kind of bullying or aggressive behavior that does physical or psychological harm to a staff person or another student, or urging other students to engage in such conduct. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network, or other comparable conduct.
11. Engaging in any sexual activity, including without limitation, offensive touching, sexual harassment, indecent exposure (including mooning), and sexual assault. This does not include the non-disruptive: (a) expression of gender or sexual orientation or preference, or (b) display of affection during non-instructional time.
12. Teen dating violence, as described in Board policy 7:185, *Teen Dating Violence Prohibited*.
13. Causing or attempting to cause damage to, or stealing or attempting to steal, school property or another person's personal property.
14. Entering school property or a school facility without proper authorization.
15. In the absence of a reasonable belief that an emergency exists, calling emergency responders (such as calling 911); signaling or setting off alarms or signals indicating the presence of an emergency; or indicating the presence of a bomb or explosive device on school grounds, school bus, or at any school activity.
16. Being absent without a recognized excuse; State law and School Board policy regarding truancy control will be used with chronic and habitual truants.
17. Being involved with any public school fraternity, sorority, or secret society, by: (a) being a member; (b) promising to join; (c) pledging to become a member; or (d) soliciting any other person to join, promise to join, or be pledged to become a member.
18. Being involved in gangs or gang-related activities, including displaying gang symbols or paraphernalia.
19. Violating any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism, and hazing.
20. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
21. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee.
22. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

For purposes of this policy, the term "*possession*" includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing, backpack, or automobile; (c) in a school's student locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board's authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following:

1. Notifying parent(s)/guardian(s).
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property.

6. In-school suspension. The Building Principal or designee shall ensure that the student is properly supervised.
7. After-school study or Saturday study provided the student's parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee.
8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, giving the student and/or parent/guardian the choice.
9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.
10. Suspension of bus riding privileges in accordance with Board policy 7:220, *Bus Conduct*.
11. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, *Suspension Procedures*. A student who has been suspended may also be restricted from being on school grounds and at school activities.
12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years in accordance with Board policy 7:210, *Expulsion Procedures*. A student who has been expelled may also be restricted from being on school grounds and at school activities.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for the transfer under State law. The transfer shall be in the manner provided in Article 13A or 13B of the School Code.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), look-alikes, alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Weapons

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than two calendar years:

1. A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/24-1).
2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including look-alikes of any firearm as defined above.
3. Non-lethal weapons, including pepper spray or mace, or any other object if used or attempted to be used to cause bodily harm.

The expulsion requirement under either paragraph 1 or 2 above may be modified by the Superintendent, and the Superintendent's determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy's prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

Re-Engagement of Returning Students

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student's ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

Required Notices

A school staff member shall immediately notify the office of the Building Principal in the event that he or she: (1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member. Upon receiving such a report, the Building Principal or designee shall immediately notify the local law enforcement agency, State Police, and any involved student's parent/guardian. "School grounds" includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated [licensed] educational employees, and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent, Building Principal, Assistant Building Principal, or Dean of Students is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to ten consecutive school days, provided the appropriate procedures are followed. The Board may suspend a student from riding the bus in excess of ten school days for safety reasons.

Student Handbook

The Superintendent, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the District's disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the District disciplinary policies and rules, shall be distributed to the students' parents/guardians within 15 days of the beginning of the school year or a student's enrollment.

Procedure 7:190-R1

Student Handbook – Hazing Prohibited

Soliciting, encouraging, aiding, or engaging in hazing, no matter when or where it occurs, is prohibited. *Hazing* means any intentional, knowing, or reckless act directed to or required of a student for the purpose of being initiated into, affiliating with, holding office in, or maintaining membership in any group, organization, club, or athletic team whose members are or include other students.

Students engaging in hazing will be subject to one or more of the following disciplinary actions:

1. Removal from the extracurricular activities,
2. Conference with parents/guardians, and/or
3. Referral to appropriate law enforcement agency.

Students engaging in hazing that endangers the mental or physical health or safety of another person may also be subject to:

1. Suspensions for up to 10 days, and/or
2. Expulsion for the remainder of the school term.

Policy 7:220

Bus Conduct

All students must follow the District's *School Bus Safety Rules*.

School Bus Suspensions

The Superintendent, or any designee as permitted in the School Code, is authorized to suspend a student from riding the school bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct, including but not limited to, the following:

1. Prohibited student conduct as defined in School Board policy, 7:190, *Student Behavior*.

2. Willful injury or threat of injury to a bus driver or to another rider.
3. Willful and/or repeated defacement of the bus.
4. Repeated use of profanity.
5. Repeated willful disobedience of a directive from a bus driver or other supervisor.
6. Such other behavior as the Superintendent or designee deems to threaten the safe operation of the bus and/or its occupants.

If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the School Board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The District's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

Academic Credit for Missed Classes During School Bus Suspension

A student suspended from riding the bus who does not have alternate transportation to school shall have the opportunity to complete or make up work for equivalent academic credit. It shall be the responsibility of the student's parent or guardian to notify the school that the student does not have alternate transportation.

Administrative Procedure 7:220-R1

Electronic Recordings on School Buses

Review of Electronic Recordings

Electronic videos and audio recordings are viewed to investigate an incident reported by a bus driver, administrator, law enforcement officer working in the District, supervisor, student, or other person. They are also viewed at random.

Viewing and/or listening to electronic video and/or audio recordings is limited to law enforcement officers working in the District and District personnel. These individuals must have, (1) a law enforcement, security, or safety reason, or (2) a need to investigate and/or monitor student or driver conduct. A written log will be kept of those individuals viewing a video recording stating the time, name of individual viewing it, and the date the videotape was viewed.

If the content of an electronic recording becomes the subject of a student disciplinary hearing, it will be treated like other evidence in the proceeding.

An electronic video or audio recording may be reused or erased after 14 days unless it is needed for an educational or administrative purpose.

Notice of Electronic Recordings 720 ILCS 5/14-3(m)

The Eavesdropping Act exempts electronic recordings on school buses from its coverage when transportation is provided for a school activity, provided the School Board adopted a policy authorizing their use. Notice of the adopted policy regarding video and audio recordings shall be: (1) clearly posted on the front door and interior of the school bus, (2) provided to students and parents/guardians, and (3) included in student handbooks and other documents.

Student Conduct

Students are prohibited from tampering with the video cameras. Students who violate this regulation shall be disciplined in accordance with the School District discipline policy and shall reimburse the School District for any repairs or replacement necessary as a result of the tampering.

Policy 7:270

Administering Medicines To Students

Students should not take medication during school hours or during school-related activities unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child and otherwise follow the District's procedures on dispensing medication.

No School District employee shall administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed "School Medication Authorization Form" is submitted by the student's parent/guardian. No student shall possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this policy and its implementing procedures.

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

The Building Principal shall include this policy in the Student Handbook and shall provide a copy to the parents/guardians of students.

Self-Administration of Medication

A student may possess an epinephrine auto-injector e.g. *EpiPen®*, and/or asthma medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed a *School Medication Authorization Form*. The School District shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication or epinephrine auto-injector or the storage of any medication by school personnel. A student's parent/guardian must indemnify and hold harmless the School District and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine auto-injector and/or medication, or the storage of any medication by school personnel.

School District Supply of Undesignated Epinephrine Auto-Injectors

The Superintendent or designee shall implement Section 22-30(f) of the School Code and maintain a supply of undesignated epinephrine auto-injectors in the name of the District and provide or administer them as necessary according to State law. *Undesignated epinephrine auto-injector* means an epinephrine auto-injector prescribed in the name of the District or one of its schools. A school nurse or trained personnel, as defined in State law, may administer an undesignated epinephrine auto-injector to a person when they, in good faith, believe a person is having an anaphylactic reaction. Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law.

School District Supply of Undesignated Opioid Antagonists

The Superintendent or designee shall implement Section 22-30(f) of the School Code and maintain a supply of undesignated opioid antagonists in the name of the District and provide or administer them as necessary according to State law. *Opioid antagonist* means a drug that binds to opioid receptors and blocks or inhibits the effect of opioids acting on those receptors, including, but not limited to, naloxone hydrochloride or any other similarly acting drug approved by the U.S. Food and Drug Administration. *Undesignated opioid antagonist* is not defined by the School Code; for purposes of this policy it means an opioid antagonist prescribed in the name of the District or one of its schools. A school nurse or trained personnel, as defined in State law, may administer an undesignated opioid antagonist to a person when they, in good faith, believe a person is having an opioid overdose. Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law.

Void Policy; Disclaimer

The School District Supply of Undesignated Epinephrine Auto-Injectors section of the policy is void whenever the Superintendent or designee is, for whatever reason, unable to: (1) obtain for the District a prescription for undesignated epinephrine auto-injectors from a physician or advanced practice nurse licensed to practice medicine in all its branches, or (2) fill the District's prescription for undesignated school epinephrine auto-injectors.

The School District Supply of Undesignated Opioid Antagonists section of the policy is void whenever the Superintendent or designee is, for whatever reason, unable to: (1) obtain for the District a prescription for opioid antagonists from a health care professional who has been delegated prescriptive authority for opioid antagonists in accordance with Section 5-23 of the Alcoholism and Other Drug Abuse and Dependency Act, or (2) fill the District's prescription for undesignated school opioid antagonists.

Upon any administration of an undesignated epinephrine auto-injector or an opioid antagonist, the Superintendent or designee(s) must ensure all notifications required by State law and administrative procedures occur.

Upon implementation of this policy, the protections from liability and hold harmless provisions as explained in Section 22-30(c) of the School Code apply.

No one, including without limitation parents/guardians of students, should rely on the District for the availability of an epinephrine auto-injector and/or opioid antagonist. This policy does not guarantee the availability of an epinephrine auto-injector and/or opioid antagonist; students and their parents/guardians should consult their own physician regarding such medication(s).

Allergy Policy

Anaphylaxis is a potentially life-threatening medical condition occurring in allergic individuals after exposure to specific allergens. Anaphylaxis refers to a collection of symptoms affecting multiple systems in the body, the most dangerous of which are breathing difficulties and a drop in blood pressure or shock.

A written Health Plan/Section 504 Plan will be developed for all identified students having severe allergies to food or other substances. This Plan will address all aspects of the school environment that impact the student and will be shared with School District personnel on a need-to-know basis in the discretion of the School District's Administration.

Parents and students are responsible for informing School District personnel regarding a student's allergies prior to the start of school (or immediately after a diagnosis) and any ensuing changes in the student's allergy status. Parents are responsible for providing the School District with up-to-date emergency medications (including epinephrine auto-injectors) to be placed in a designated location(s) and/or to be carried by the student, if appropriate. (See 7:270 E1, School Medication Authorization Form.)

Parents are specifically responsible for teaching their children to:

1. Take responsibility for avoiding allergens.
2. Recognize the first symptoms of an allergic/anaphylactic reaction.
3. Promptly inform an adult as soon as exposure to an allergen or symptoms appear.
4. Know where a prescribed epinephrine auto-injector is located at all times.
5. Carry and administer a prescribed epinephrine auto-injector, if appropriate.

Once informed of a student's allergy, the School District will take all reasonable steps to minimize the student's exposure to the identified allergen. The School District will provide training to necessary staff members concerning allergy response.

Food Allergy Management Program

School attendance may increase a student's risk of exposure to allergens that could trigger a food-allergic reaction. A food allergy is an adverse reaction to a food protein mediated by the immune system which immediately reacts causing the release of histamine and other inflammatory chemicals and mediators. While it is not possible for the District to completely eliminate the risks of exposure to allergens when a student is at school, a Food Allergy Management Program using a cooperative effort among students' families, staff members, and students helps the District reduce these risks and provide accommodations and proper treatment for allergic reactions.

The Superintendent or designee shall develop and implement a Food Allergy Management Program that:

1. Fully implements the following goals established in The School Code: (a) identifying students with food allergies, (b) preventing exposure to known allergens, (c) responding to allergic reactions with prompt recognition of symptoms and treatment, and (d) educating and training all staff about management of students with food allergies, including administration of medication with an auto-injector, and providing an in-service training program for staff who work with students that is conducted by a person with expertise in anaphylactic reactions and management.
2. Follows and references the applicable best practices specific to the District's needs in the joint State Board of Education and Ill. Dept. of Public Health publication *Guidelines for Managing Life-Threatening Food Allergies in Schools*, available at: www.isbe.net/nutrition/pdf/food_allergy_guidelines.pdf.
3. Complies with State and federal law and is in alignment with Board policies.

LATEX BAN

Many students have latex allergies and our schools will take every step to ensure that our students are safe and healthy. This means that latex products like latex balloons and silly string will not be allowed on campus at any time.

Policy 7:335

Using a Photograph or Videotape of a Student

Pictures of Students

Students may occasionally appear on school web sites in photographs and videotapes taken by school staff members, other students or other individuals authorized by the Building Principal. The school may use these pictures, with or without identifying the student in various school publications, including the school yearbook, web site, and school newspaper.

No consent or further notice is needed or will be given before the school uses pictures of students in school publications taken while they are at school or a school-related activity. However, if a parent does not want his/her student's name used in connection with pictures/videos in the yearbook, school newspaper, or various other school publications, the parent must complete Form 7:335-E, which will be available from, and must be returned to, the Building Principal specifically identifying the publication in which the student is not to be named.

Student Teacher Performance Assessment

All candidates completing teacher preparation programs are required to pass an evidence-based assessment of teacher effectiveness approved by the State Board of Education, 105 ILCS 5/21B-30(f). The student teacher must provide a professional portfolio consisting of short video recordings of their teaching in our classrooms and samples of students' written work. During the course of the videotaping, students may appear on the recordings. No student names will appear on any video and last names will be removed from all submitted work samples.

Student teachers must obtain a signed release form, Exhibit 7:335-E2, *Student Teacher Assessment Release Form* prior to recording class instruction.

Student Records

School student records are confidential. Information from them shall not be released other than as provided by law. A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction by a school employee, regardless of how or where the information is stored, except as provided in State or federal law as summarized below:

1. Records kept in a staff member's sole possession.
2. Records maintained by law enforcement officers working in the school.
3. Video and other electronic recordings (including without limitation, electronic recordings made on school buses) that are created in part for law enforcement, security, or safety reasons or purposes. The content of these recordings may become part of a school student record to the extent school officials create, use, and maintain this content, or it becomes available to them by law enforcement officials, for disciplinary or special education purposes regarding a particular student.
4. Any information, either written or oral, received from law enforcement officials concerning a student less than the age of 17 years who has been arrested or taken into custody.

State and federal law grants students and parents/guardians' certain rights, including the right to inspect, copy, and challenge school student records. The information contained in school student records shall be kept current, accurate, clear and relevant. All information maintained concerning a student receiving special education services shall be directly related to the provision of services to that child. The District may release directory information as permitted by law, but a parent/guardian shall have the right to object to the release of information regarding their child. However, the District will comply with an *ex parte* court order requiring it to permit the U.S. Attorney General or designee to have access to a student's school records without notice to, or the consent of, the student's parent/guardian. Upon request, the District discloses school student records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or Federal law.

The Superintendent shall fully implement this policy and designate an *official records custodian* for each school who shall maintain and protect the confidentiality of school student records, inform staff members of this policy, and inform students and their parents/guardians of their rights regarding school student records.

The accident report shall include identifying information, nature of injury, days lost, cause of injury, location of accident, medical treatment given to the student at the time of the accident, or whether the school nurse has referred the student for a medical evaluation, regardless of whether the parent, guardian or student (if 18 years or older) or an unaccompanied homeless youth ... has followed through on that request.”

10. Special education records
11. Records associated with plans developed under section 504 of the Rehabilitation Act of 1973
12. Verified reports or information from non-educational persons, agencies, or organizations of clear relevance to the student’s education

The Family Educational Rights and Privacy Act (FERPA) and the Illinois School Student Records Act (ISSRA) afford parents/guardians and students over 18 years of age (“eligible students”) certain rights with respect to the student’s school records. They are:

1. The right to inspect and copy the student's education records within 10 business days of the day the District receives a request for access.

The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. Parents/guardians or students should submit to the Building Principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The Principal will make arrangements for access and notify the parent(s)/guardian(s) or student of the time and place where the records may be inspected. The District may extend the response timeline to 15 business days in accordance with ISSRA. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost.

These rights are denied to any person against whom an order of protection has been entered concerning a student. 105 ILCS 5/10-22.3c, and 10/5a; 750 ILCS 60/214(b)(15).

2. The right to have one or more scores received on college entrance examinations removed from the student's academic transcript.

Parents/guardians or eligible students may have one or more scores on college entrance exams deleted from their student's academic transcript. Students often take college entrance examinations multiple times to improve their results. Test publishers provide the results from each examination taken to the student's high school. Schools must include each of these scores on the student's transcript, which may result in the academic transcript having multiple scores from a single college entrance exam. A parent/guardian or eligible student may not want certain scores to be sent to postsecondary institutions to which the student applies. The District will remove scores on college entrance examinations upon the written request of the parent/guardian or eligible student stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be removed.

3. The right to request the amendment of the student's education records that the parent(s)/guardian(s) or eligible student believes are inaccurate, irrelevant, or improper.

Parents/guardians or eligible students may ask the District to amend a record that they believe is inaccurate, irrelevant, or improper. They should write the Building Principal or the Official Records Custodian, clearly identify the record they want changed, and specify the reason.

If the District decides not to amend the record as requested by the parents/guardians or eligible student, the District will notify the parents/guardians or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent(s)/guardian(s) or eligible student when notified of the right to a hearing.

4. The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or ISSRA authorizes disclosure without consent.

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board, a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or any parent(s)/guardian(s) or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. Individual members do not have a right to see student records merely by virtue of their office unless they have a current demonstrable educational or administrative interest in the student and seeing his or her record(s) would be in furtherance of the interest.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

When a challenge is made at the time the student's records are being forwarded to another school to which the student is transferring, there is no right to challenge (1) academic grades (2) references to expulsions or out-of-school suspensions.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent(s)/guardian(s) can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

5. The right to a copy of any school student record proposed to be destroyed or deleted.

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least five years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after five years, be transferred to the parent(s)/guardian(s) or to the student, if the student has succeeded to the rights of the parent(s)/guardian(s). Student temporary records are reviewed every four years or upon a student's change in attendance centers, whichever occurs first.

6. The right to prohibit the release of directory information concerning the parent's/ guardian's child.

Throughout the school year, the District may release directory information regarding its students, limited to:

- a. Name
- b. Address
- c. Grade level
- d. Birth date and place
- e. Parent(s)/guardian(s) names, addresses, electronic mail addresses, and telephone numbers
- f. Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs
- g. Academic awards, degrees, and honors
- h. Information in relation to school-sponsored activities, organizations, and athletics
- i. Major field of study
- j. Period of attendance in school

Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the Building Principal within 30 days of the date of this notice. No directory information will be released within this time period, unless the parent(s)/guardian(s) or eligible student is specifically informed otherwise.

No photograph highlighting individual faces is allowed for commercial purposes, including solicitation, advertising, promotion or fundraising without the prior, specific, dated and written consent of the parent or student, as applicable; and no image on a school security video recording shall be designated as directory information.

7. The right to request that military recruiters or institutions of higher learning not be granted access to your secondary school student's name, address, and telephone numbers without your prior written consent.

Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students' names, addresses, and telephone numbers, unless the student's parent/guardian, or a student who is 18 years of age or older, submits a written request that the information not be released without the prior

written consent of the parent/guardian or eligible student. If you wish to exercise this option, notify the Building Principal where your student is enrolled for further instructions.

8. The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.
9. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.

The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
