It will give some students a chance to engage in advanced college level coursework who didn't think that was a possibility before.</p> <p>Carolyn Rehak asked about the impact offering dual credit courses on the Board goal for students to take at least one AP course during high school? Patrick explained there is consideration to modify the board goal to include dual credit. Margaret expressed she is in favor of a proposal to change the Board goal and to gauge the impact dual credit has on AP enrollment.</p>	Patrick McGill

<p>6:15</p>	<p>New Course Proposals</p> <p>The committee reviewed and discussed the following new course proposals for the 2021-22 school year. Melissa Creech and Patrick McGill will present the new course proposals to the Board for discussion on Oct 1</p> <ol style="list-style-type: none"> 1. Engineering Design & Development (PLTW) 2. Dual Credit English Composition 1 (IAI C1 900) 8. Dual Credit English Composition 2 (IAI C1 901R) <p>These proposals will help better meet the demands of student interest, postsecondary preparation, and career pathways.</p> <p>Jennifer Jendras pointed out that since dual credit English is for senior year, may need to consider that students will want to take their English electives during their junior year. In this case, Glenbard may want to design English electives that appropriately meet the common core requirements for 11th grade English levels.</p> <p>Melissa Creech explained that English 3 is not really literature based and focuses more on rhetoric and analysis and students wouldn't get the same out of an English elective course as with English 3. We don't want to create a gap where students will be missing out on developing these skills. Melissa would like to bring this issue back to the English dept Chairs to have a discussion about what the long term plan should be for these electives.</p>	<p>Melissa Creech Patrick McGill</p>

Patrick and Melissa explained it would be a digital version and students are used to using digital textbooks, but Patrick said they could explore making a hard copy practice book an option if the course ends up virtual.</p> <p>Jennifer also suggested considering live streaming the SAT courses even if Glenbard goes back to in person instruction for students who may prefer to participate remotely.</p>	<p>Patrick McGill</p>
